GLENDALE REALTY BOARD ALIGNS WITH DRIVE FOR ELLCTRIC LINE PROGRESS

Cooperation of the Yellow Car Line and Montrose Railroad Is Declared to Be the Biggest Event in City's History

$15,000 SUBSCRIPTIONS ARE SOUGHT TODAY

Board Turns Down Industrial Exposition for the Present and Discharges Committee Which Worked With the Promoters

Twenty-two members of the Glendale realty board, in attendance at the board's regular meeting Wednesday, voted unanimously to get behind the drive, which started this morning, for the raising of the additional $15,000 necessary for the putting over of the electrification of the Union Pacific's steam line on Glendale avenue. When the matter was brought before the board by Mr. Twining, local representative of the F. P. Newport company, one member after another sprang to his or her feet, each voicing approval of the proposition and pledging both moral and financial aid. When Mr. Twining asked if any member of the board disapproved of the proposition, for any reason, not a sound was heard. When he moved that the board go on record as favoring the project and offering to lend any assistance possible, his motion was quickly seconded and the vote went over in the affirmative with a grand hurrah.

In making his appeal for a unanimous vote in favor of this proposition, Mr. Twining said:

"Members of the board, we must get back of this proposition, this electrification of the Glendale avenue line. This is the biggest thing that has ever struck Glendale. The Los Angeles Railway company has agreed to have a car on hand to meet every car sent to the southern end of the line by the Glendale-Montrose Railway company. A siding will be constructed by the yellow car line and a suitable waiting-room will be erected. It states that it will take adequate care of all the business the local railway company can turn its way.

"The establishment of this line is especially important at this time in view of the fight the city of Glendale is about to make in connection with lower rates over the Pacific Electric company. This is the opportune time to put this Glendale avenue railroad proposition over, and we as a board and individually should do all we can to help this proposition along. The electrification of this line will help your clients, will bring more people to Glendale, and the simple matter of the realty board giving its moral and financial support will do a great deal toward ironing out the feeling that has in the past existed between the two sides of the city. This should be a united city, not a city of two sides, and we should work toward this end."

"It is my idea," said H. M. Miller, real estate agent of East Broadway, "that we should each sign his name on the dotted line for some donation toward the line. If we can afford to give only $25 apiece we should do so, just to show the people who are boosting for this proposition that we are with them."

Another important feature of the meeting was the presenting to William Warren, the newly-arrived son of Secretary Hayward of the board, with an "arrival gift" in the form of a savings account starter. Dr. Jessie Russell, in presenting the matter and suggesting the "starter," said all kinds of nice things about the new real estate operator and his doting papa. The board also voted to send the "best floral offering securable in Glendale" to Mrs. Hayward.

It was decided to ask the city council to enact an ordinance regulating the operation of oil buses in Glendale, and also of oil salesmen here.

The committee that was appointed to investigate the matter of an industrial show for Glendale reported that it was the opinion of the committee that such a proposition should not be entered into at this time, but at some later date something of this nature might be taken up. The committee was not discharged.

It was decided to take up at the next meeting the matter of the lawyer's bill which will appear on the ballot at the November election. Speakers on both sides of the question will be on hand and the matter will be thrown open for general discussion.

EXCHANGE CLUB TO HAVE FUN AT PICNIC

Frolic Set for Next Saturday at New City Park

Most important of the subjects under discussion at the meeting of the Glendale Exchange club at the Broadway Inn on Wednesday noon was that of the forthcoming picnic which the club is planning for next Saturday, September 9, at the new Glendale Verdugo park.

Chairman Whitaker of the picnic committee reported that all plans will soon be worked out and announcement in detail of the contests and various amusements will be made in these columns on Thursday and Friday.

Henry R. Harrower again called the attention of the club to the unsightly "July 27, Dollar Day" signs along the streets and highways near Glendale, and the secretary was instructed to write a letter to the organization which had these signs placed asking that, in the interests of civic pride, they be removed, having served their purpose.

Secretary Howarth read a letter from National Secretary Harter in which the latter gave an outline of the plans for the national convention which is to be held in Louisville, Ky., September 25, 26, 27. President W. B. Kelly and Secretary James A. Howarth will be the representatives of the Glendale Exchange club at this convention.

Treasurer George H. Thomas reported that the finances of the club are in first class condition.

A letter was read from the secretary of the Glendale realty board accepting an invitation to join in the picnic next Saturday.

The secretary was instructed to write a letter to the East Glendale Advancement association stating that this club was very much concerned about the electrification of the Glendale avenue line, and that the members were anxious to see this proposed improvement completed at as early a date as possible.

The attendance prize, which was furnished by George M. Lindsay, was won by E. B. Sutton.

Guests present were Carl Cristy of the Harrower Laboratory, and Clarence H. Brainard of the firm of Charlton & Brainard. In the absence of President Kelly, the meeting was presided over by G. C. McCommell, the vice-president.

Members present included E. N. Radke, W. Claire Anspach, E. F. Heisser, J. Cline, Henry R. Harrower, W. H. Block, W. Q. Widdows, Art Sherbourne, G. H. Thomas, G. H. King, George R. White, E. T. Harnerr, R. E. Johnston, A. Gelmor, Fred S. Hill, Dr. J. A. Belyea, George Whitaker, E. B. Sutton and D. Ripley Jackson.

THE WEATHER

Southern California: Tonight and Friday fair.

Los Angeles and vicinity: Fair and moderately warm tonight and Friday.

Turn to the Classified Page today and see who is handling this bargain.

ONLY $500 DOWN—$40 MO.

5 ROOMS $3600

Two large bedrooms, living and dining room with French doors between. Kitchen has all built-ins, large screen porch, laundry tray, hot and cold water, bathroom all woodstone with built-in tub. This is new and plastered house, not California.

Think of it—a 5-room modern house for only $3600, and such terms! Sidewalk and curb in, water, gas and toilet. SEE THIS TODAY.

FRED HILL MARKS RED LETTER DAY

Fred S. Hill is today celebrating his seventh year in the garage business in Glendale by opening a storage garage in connection with his business at 124 South Orange street, Glendale.

Mr. Hill has made a good record for a business man in this line, as it is generally conceded that the man who can build up this line of business and remain in the same quarters for seven years is an A-1 business man. Mr. Hill does all kinds of machine work, auto repairing, etc., and has the reputation of doing it right.

ELECTRIC LINE DRIVE CLOSES SEPT. 18

Decision to Get $15,000 by That Date Is Reached Last Night

The campaign for the raising of $15,000 additional pledges for the electrification of the Glendale avenue steam line will definitely close on Monday, September 18, according to a decision reached last night at an enthusiastic meeting of the workers.

It was the general opinion of those at this meeting that complete success of the drive by that date is practically assured. The workers are confident of being able to report the money entirely raised at the meeting of the Glendale Advancement association at noon, Thursday, September 21.

The preliminary drive for the raising of the necessary funds started this morning. At last night's meeting each of the workers present secured a number of subscription blanks, which they pledged to have filled before the next meeting of the combined committees. This preliminary work will continue during the remainder of this week and the intensive drive will start Monday morning and will continue throughout the entire of next week. For the drive the city will be zoned and donations will be solicited from every person in Glendale. Every resident is expected to give something, no matter how small the contribution may be.

The optimism and enthusiasm shown at the meeting last night was such as cannot be denied. Each of the workers had a light of determination in his or her eye, which in itself assures the success of the campaign. Each booster is a loyal Glendale citizen and realizes there is nothing bigger in Glendale than the putting over of this electric line proposition. It is of vital interest to the city for many reasons, believe these workers, and for this reason it simply must be carried to a successful conclusion.

Progress of a substantial nature was reported at last night's meeting. Mr. Twining, local representative of the F. P. Newport company, reported seeing Senator Francis of the Sparr Fruit company, and securing from his a pledge that that company would help in a very substantial way. J. L. S. Perch reported securing from the Iberson Real Estate company, which firm is about to open a large tract of land in Verdugo canyon, a donation of $1,000. A number of smaller donations were reported.

A committee consisting of P. J. Hayselden and C. W. Ingledue was appointed to take care of the campaign in the Montrose, La Canada and La Crescenta sections. This committee accompanied by a representative body of business men from Glendale will go to La Crescenta tonight to be in attendance at an especially called meeting at that place. The railroad situation will be thoroughly explained to the people of that section at that meeting. The residents of La Crescenta have already signified their willingness to back this electric line proposition to the limit.

A committee consisting of Mr. Twining and Lon Haddock of the Haddock-Nibley company, was appointed to arrange particulars for publicity purposes, this to consist of figures showing the saving in fares and other benefits to be derived by the electrification of the line.

Among the workers present at last night's meeting were P. J. Hayselden, chairman; C. E. Kimlin, Lon Haddock, W. E. Page, W. T. McConnell, Frank L. Fox, W. E. Mercer, J. P. Lampert, Mrs. Mabel L. Tight, Mrs. Brewer, Mrs. Kate Uagel, Mrs. Lillian Medduck, Leon Sontag, A. Ambrosini, E. E. Harrington, C. W. Ingledue, Guy Gibbs, T. K. Todd, C. A. Fisher, W. L. Twining, Thomas Addison, R. C. Low, J. L. S. Perch and Charles E. Stanley.

SCOUT EXECUTIVE AT ROTARY MEET

Harold Benner, secretary and director of the Verdugo Hills district, Boy Scouts of America, addressed the Rotary club today when it entertained members of the Kiwanis club at its regular luncheon. He told of the work that has been accomplished in the district during the past year, and the plans that have been made for its further development. He stated that the organization had grown 300 per cent since the first of the year. In that connection he gave a report of the older scouts' conference at Sacramento, which he recently attended with four scouts from this district.

SHRINE CLUB HOLDS MEETING

E. F. Heisser, president, presided at the regular meeting of the Glendale Shrine club, held Wednesday evening at the chamber of commerce auditorium.

There was a good attendance and business of importance was taken care of. The club is planning an entertainment for the ladies to be given the latter part of this month. The date and program will be announced later.

Donald Davis of 371 Salem street, left this morning for Lawrence, Kan., to complete his fourth year in Kansas university.

NEW BANK IS PLANNED FOR SOUTH SIDE

Dan Campbell Makes Announcement of New Institution

BE ON SAN FERNANDO

To Be Known as the State Savings and Commercial Bank

South Glendale will soon have a new bank. This fact was announced today in an interview with Dan Campbell, president of the Glendale National bank and John A. Logan, cashier.

This new institution will be known as the State Savings and Commercial bank. It is to be located on San Fernando road, between Central and Brand boulevard, the exact location to be announced later.

The need for such a bank has been felt for some time. It will serve this new growing district in the south.

Some of Glendale's most prominent banking men are organizing this institution. They are Dan Campbell, John A. Logan, W. W. Lee, George B. Carr, George V. Black and other associates.

Mr. Campbell, who is retiring as president of the Glendale National bank, in conjunction with Mr. Logan, organized that bank some years ago and it has grown substantially since that time. Mr. Lee was formerly connected with the First National bank, but now has a large interest in the Glendale National bank. George B. Carr is connected with the Baldwin Shirt factory at Brand and San Fernando, while Mr. Black is a well-known druggist at the corner of Los Feliz and San Fernando road.

These men and others will give to South Glendale a banking business that they have long needed. A more detailed announcement of this new organization will come later.

KNIGHTS OF C. ELECTION

Harry Girard Is Selected Grand Knight of Local Council

The election of officers to the Glendale council No. 1920, Knights of Columbus, was held last night at the regular meeting, at Odd Fellows hall.

After a short business session the following officers were elected for the ensuing year: Harry Girard, grand knight;; Michael Gannon, deputy grand knight; E. Albright, chancellor; T. E. Brahm, advocate; Fred Huesman, financial secretary; Leo McMahan, treasurer; O. Wolfrom, warden; E. O'Leary, recorder; Herman Psenner, inside guard; Randolph Doll, outer guard, and Peter L. Ferry, trustee.

The election of these officers was unanimous, by acclamation.

Plans for the ensuing year were discussed, and include a new clubhouse, the organization of some five troops of boy scouts and the development of the order in Glendale. Best indications are that in the next three months the order will have an increase of over 300 per cent. With the wonderful enthusiasm and ability of Harry Girard, there is no question but that the Knights of Columbus will be a strong factor in the development of Glendale, as he and the rest of his officers are all boosters for the town, and will do everything they can to put Glendale still farther on the map than it is today.

The organization of a glee club and chorus under the direction of Mr. Girard was also talked over. They are planning for a ball team, bowling club and other forms of social and athletic activities.

Grand Knight Leslie Wright of San Fernando was in charge of the meeting, during which several enthusiastic talks were given by Peter L. Ferry, Jesse Smith, H. M. Doll, M. J. Brennan and Frank O'Neill, distinguished member of the Los Angeles council.

A large number of applications for membership were received, and an invitation was received from Rev. Father James S. O'Neill for the council to participate in the dedicatory ceremonies of the new Catholic church on Sunday, September 24. The council unanimously voted to be present 100 per cent strong.

KANSAS PICNIC

All the Kansans of Southern California are included in the call for the mammoth fall picnic reunion, Saturday, September 9, in Sycamore grove, Los Angeles.

President David D. Sallee, who has charge of the program, will preside. He announces all the usual picnic features with county headquarters, badges, coffee, and asks all to bring basket dinners.

The Jayhawkers are asked to all take a day off, and meet the old friends again.

W. P. HOLYWELL IS FATALLY HURT BY AUTO

Knocked From Bicycle by Machine Driven by Miss C. E. Jones

William P. Holywell, aged 70 years, of 533 Glenwood road, was fatally injured near the intersection of Sixth and Pacific at 3:30 yesterday afternoon, when the bicycle on which he was riding, was struck by an automobile driven by Miss C. E. Jones of Pacific avenue. Immediately after the accident Mr. Holywell was taken to the Glendale sanitarium, where medical aid was administered by Dr. R. E. Chase. Although everything possible was done for the injured man, he died at 4:30 o'clock.

According to a report made by Miss Jones, she was driving her machine down Pacific avenue at a low rate of speed. Just as she was about to pass Mr. Holywell, the victim turned in front of her machine. The inquest over the remains of Mr. Holywell will be held at the Pulliam and Keefer undertaking parlors on East Broadway at 3:30 o'clock this afternoon.

Another serious accident occident occurred at the corner of Jackson and Wilson yesterday afternoon when a machine operated by H. C. Feeder of 608 South Canada boulevard, and a delivery wagon owned by the Newton Electric company and driven by James H. Hannah, came together. Mr. Feeder was cut up considerably and was taken to the Glendale sanitarium, where his injuries were attended to.

A machine driven by Charles Davis of 518 Glenada street, Montrose, and a car operated by Mr. Claxton of 555 Delmar street, Montrose, came together on Montrose avenue at 5 o'clock Tuesday afternoon. According to Claxton he drew his machine up at the side of the road, where it was run into by the Chevrolet driven by Davis.

Machines driven by Clayton Glanin of 200 East Stocker street and Mrs. Allen B. De Garmo of Los Angeles, collided at the intersection of Central and Chestnut street at 9:30 yesterday morning. Both cars were slightly damaged, but no one was hurt.

M. A. Carney of 1129 North Melrose avenue, was operating a car that ran into a machine piloted by S. Schneider, whose address is unknown, the accident taking place at the corner of Central and Burchett at 5 o'clock last night. No one was hurt but the cars were slightly bent.

A motor bus operated by Grover C. Wilson of Los Angeles, was run down by an auto driven by a boy by the name of J. Harnandez of Pasadena, the accident taking place at the corner of Wilson and Adams street at 5 o'clock Tuesday night. Except for slight damage to the bus, nothing in the way of damage was done.

It doesn't pay to spoon while driving an automobile, says N. F. Pullio of Los Angeles. Pullio was trying to drive his car around the intersection of Brand and Broadway, when, according to his version of the affair, J. L. Zeller, whose address is unknown, came along and tried to make the same turn at the same time. Zeller, Pullio claims, had his arm around his feminine companion, which made it impossible for him to guide his car properly. The result was a crash in which both cars suffered slightly.

The bending of tin, the running away of a horse, the breaking of a fence and the smearing of a perfectly good lawn came as a result of an accident at the corner of Colorado and Belmont street at 4:45 o'clock yesterday morning. Albert Roth, 323 North Broadway, was driving down Colorado and failed to see the lights on the milk wagon standing near the center of the street and under the care of V. C. Shingler of 755 West Doran street. Roth's car hit the milk wagon, thereby causing the horses hitched thereto to run away. The wagon, milk and everything went crashing through the fence and over the lawn at 315 East Colorado. Except for that there was no excitement.

WHITE SHRINE TO GIVE CARNIVAL ON OCT. 28

Mrs. Kramer of Hollywood Lodge, Meets Local Members

The business session of the White Shrine of Jerusalem, held Wednesday night in the Shrine room of Masonic temple, was a well-attended but uneventful meeting. Alvah Leland was elected Watchman of Shepherds to fill the vacancy caused by the resignation of E. M. Cutting.

The carnival ball which the White Shrine is to give October 28, was announced, and Mrs. Kramer, new High Priestess of the White Shrine to be instituted in Hollywood the last of the month, was introduced and welcomed.

The next session at which there will be initiations will take place October 4.

Tentative Plan for Settlement of Rail Strike

CHICAGO, Sept. 7.—Striking shopmen were today reported to be working for peace with 50 or more railroads on the following basis:

1.—That strikers, men who remained at work, and new employes be placed on the seniority lists as they stood June 30.

2.—Pension rights to be restored.

3.—The settlement proposal is not to be classed as a precedent.

4.—All matters not settled through the agreement to be referred to a board composed of five union representatives and five railroad representatives.

CAMPBELL TO LEAVE BANK IN TROPICO

Surprises Directors by Filing Resignation From Glendale National

W. W. LEE, SUCCESSOR

To Become Chairman of Board of Directors and Advisory Committee

Daniel Campbell, president of the Glendale National bank, today announced his retirement from active duty. Mr. Campbell surprised his board of directors last week by announcing this fact.

He will, however, retain a large stock interest in the bank and will be made chairman of the board of directors and advisory committee.

Mr. Campbell will be succeeded by W. W. Lee, formerly with the First National bank, who has purchased a substantial interest in the Glendale National bank from Mr. Campbell's holdings.

Mr. Campbell, in conjunction with John A. Logan, founded the Glendale National bank and built it to its present splendid growth. He has been identified with the banking business of Glendale for many years, standing in highest favor, conservative, yet always popular. He was formerly vice president and manager of the First National bank.

W. W. Lee, in an interview, stated: "I am very happy, indeed, to be associated with Dan Campbell and John A. Logan, whom I have known so many years, in their bank, which I regard so highly and which is growing so substantially in this community. I appreciate both the favor and the honor and the fine opportunity, and hope to be able to aid in the service for which it has so well deserved a reputation."

KFAC ORCHESTRA PLAYS SIXTEEN ENCORES

Responds to Telephoned Requests From Thirty-one Fans

Last evening the KFAC orchestra played pieces that were requested by radio fans and when the time allotment of this station was up, there still remained fifteen pieces which had not been played and will have to be played in a future program. There were 16 pieces played during the hour which means there were 31 telephoned requests for selections on last evening's program. In addition to requests there were about 30 telephone calls merely reporting on the wonderful clearness and audibility of the Press-Newton station. The above information in itself disqualifies any talk that interest is falling off in radio.

SPANISH VETS SECURE CHARTER

Members of the Glendale post, Spanish-American War Veterans, celebrated the receipt of their charter Wednesday night with a social evening, at which about 15 members of the Pasadena post and their wives were present.

The presentation speech was made by Lisle R. Morehouse, representing Tom C. Galbraith, senior vice commander of the department of California, Spanish War Veterans, who was unable to be present. It was accepted by the local commander, William H. Reeves, who was formerly a member of the Pasadena post and who was the personal friend of most of the Pasadena visitors.

After a short business session the company devoted itself to card playing and other social diversions, and light refreshments were served.

The meeting took place in the headquarters of the Glendale post of the American Legion on East Broadway, and more than 100 were present.

BEST BABY CONTEST IS SOURCE OF EDUCATION; SHOWING COMPARISONS

Gives Mothers Chance to Study Development of Young Ones Declared to Be Perfect by Judges, and Leads to Better Care

PRIDE IN BEAUTIFUL CHILDREN JUSTIFIED

Selection of Judges to Be Made Within Near Future, and Judging by Ages and Elimination Contests Expected to Begin in October

Best baby contests have had a fine effect in educating ignorant mothers and awakening them to their responsibilities. The contests gave them opportunity to compare their children with others rated perfect, and stimulated them to seek the cause of the difference. The result has been beneficial, and all children of the present day in the average family where intelligence reigns, grade higher than they did 50 years ago. Stock in babies is rising. It is no longer a question of how many, but how good. Theodore Roosevelt waged war on race suicide, but he also was an everlasting advocate of physical fitness, which he himself achieved by strenuous means in his early manhood. A substantial foundation of physical vigor built on the heritage of the well born, conserved and developed by care and training, are the best inheritance any parent can bestow. No other gift will compensate for it. Parents know this and that is the reason why they feel such pride in their brave, beautiful, strong babies and are eager to see how they rank with other children.

The best baby contest is the hope of America, her answer to the challenge of the world.

The selection of the men and women who are to judge babies entered for the Press contest is being considered and will be announced in the near future. The babies will probably be judged by ages, and elimination contests will begin in October.

Photographers have been busy, and prints of a whole galaxy of baby stars are now ready. It is a wonderful collection, but the wonder element is not limited to looks. They are all such bright, smart babies that every one deserves a prize.

One of the wonderful babies, according to relatives who are best acquainted with his merits, is Edwin Austin Humphreys, Jr., 2 years, 4 months old, son of E. A. Humphreys of 915 East Palmer avenue, Glendale.

He has been very carefully fed and trained according to rigid rules laid down by a baby expert, and has been pronounced perfect by good judges. He had the good fortune to be born into a musical family, and early responded to that art; in fact, is said to be crazy about music. In other ways, he is regarded by parents and friends as unusual, and a boy who can hold his own in any contest.

When the cameraman calls for Hazel Elinor Hooker, he will see a charming baby girl 13 months old, with fair hair and blue eyes, a friendly little maid, happy as the day is long, who is beginning to talk and ask a lot of questions. Her father, Carl B. Hooker, is an employe of the Jewel Electric company of Glendale.

LUTHER WARREN SPEAKS AT TENT CITY

Old Fashioned Camp Meeting of Adventist Holds Big Crowd

One of the interesting events in the tent city was a lecture given by Evangelist Luther Warren. In his exposition of the love of God, he held his large audience spellbound. He read John 13:34, 35. "By this shall all men know that ye are my disciples, if ye have love one for another."

"Some people think they are fulfilling this commandment," he said, "by choosing someone, some special friend, and loving him, but that is not God's love. Christ commands 'Love one another as I have loved you.' God's love is everywhere for everyone—not a special friend, but all, including his enemies. It is like the sun that shines on a mud hole as well as a flower garden. The speaker gave many striking illustrations, showing what the love of Christ is. When Christ was hanging on the cross, His enemies around, He said, 'Father forgive them, for they know not what they do.' Another example we have in the life of Stephen when his enemies stoned him. He looked to Heaven and said, 'Lord, hold it not against them.'"

The Missionary Volunteer department, under the supervision of B. P. LeDuc, has made great progress the last two years. About 20 of the young people rendered an intensely interesting program at the 5 o'clock hour.

The home missionary enterprise was emphasized at the 3 o'clock hour by the home missionary secretary of the Pacific Union conference, David Voth. He said every member should be a missionary.

ALL DOGS TO BE ARRESTED IN STREETS

Muzzled or Otherwise, Unrestrained Animals to Be Pounded

The dog-muzzling ordinance is to be more strictly enforced in Glendale than ever, is the order issued from the city hall today. Several cases of rabies have been reported during the past few weeks, and officials of the health and police departments are taking steps to stop the spread of the epidemic. The enforcement of the ordinance will be made to include cats as well as dogs.

Police officers, under instructions to pick up every dog or cat loose on the street, are combing the city. This is done as a protective measure. Under the ordinance of this city it is unlawful for dogs to be on the street unless muzzled. During the present epidemic of rabies owners are requested to not take their dogs on the street even when muzzled.

Particular attention is being paid to the enforcement of this ordinance at the public auto camping grounds. Campers are required to keep dogs tied in a pen built of chicken wire. The reason for this is that dogs are brought into the city by campers from all parts of the state and from other states. There is no possible way to keep a check on these pets unless they are penned up. There is no way of telling whether or not these dogs have been exposed to rabies prior to coming to Glendale, and as a safety measure it is required that they be kept in pens.

Muzzles will not be regarded by the officers during the present crisis. Dogs found on the streets will be taken to the pound regardless of whether they have muzzles and licenses or not. Dog owners who have valuable pets and want to keep them are warned to keep their dogs on their own premises until after the present epidemic.

Many people have expressed the opinion that the rigid enforcement of this ordinance is too stringent. Dr. Gerhard Kaemmerling, city health officer, said today:

"If the dog owners could see how the victims of rabies suffer and the pain endured by the patients being given the Pasteur treatment at the health department at present they would agree with me that no order to curb the spread of this disease could be too stringent.

"A patient taking the Pasteur treatment has a quantity of serum injected into his arm every day for 21 days. The injection of the serum is a slow process and painful. If by picking up all dogs found on the streets will stop the spread of this disease and make it unnecessary to give this painful treatment, the dogs will be picked up."

The dog man started his rounds this morning. He will visit all sections of the city. Canines in the yards of their owners will not be molested. Dogs found on the street, whether they are muzzled or not, will be picked up.

With the arrival yesterday of equipment at the public health department, the Pasteur treatment is being given in Glendale. In the event of a person being bitten by a dog, it is requested that the case be reported to the health department immediately, as the victim suffers untold agonies within a very short time after being bitten. Death is liable to occur within 48 hours after the bite if treatment is not given at once.

Cats are also banned from the streets, as a bite from a cat may expose the victim to rabies. They will be picked up if found roaming the street, and will be taken to the pound and there disposed of.

An ordinance will be passed in a few days authorizing police officers to shoot all dogs found in the street, whether they are muzzled or not. When this ordinance is effective, squads will cover the city shooting loose dogs.

HUNDREDS ATTEND ADVENTISTS' MEETING

Spending Ten Days in Tented City; Reports on the Church

Hundreds of Glendale people are in attendance daily at the big camp meeting of the Seventh-day Adventist church, which is being held at Vermont and Slauson, Los Angeles. Many Glendale Adventists have taken tents in the big tent city and are spending the entire ten days at the meeting, which is proving to be the best in the history of the Southern California conference.

Full of statistics and data with regard to the activities of the conference, including Los Angeles, Santa Barbara, Ventura and San Luis Obispo counties, President Adams' report is of widespread interest both to church and non-church members.

In introduction Mr. Adams stated that the combined population of the four counties in the conference is 1,281,714, and of that number 1,190,000 persons live in Los Angeles county, leaving only 91,714 in the other three counties. Included in this territory the conference has thirty-nine church organizations, consisting of 4000 members. The membership two years ago was 3101.

Outlining the administration of the conference Mr. Adams states that there are thirty church buildings with a seating capacity of 7000, valued at $149,000 and practically free from debt. There are eight church organizations without buildings, three of which have plans in hand for building.

Furthermore the report shows that the conference workers' list shows that there are fifteen ordained ministers, five licentiates, and fifteen missionaries. In addition there are eleven others assisting at the encampment.

There are also eight departmental secretaries and G. W. Reaser, the business agent.

Of vital importance is the financial condition which, according to the quoted report of W. L. Mecum, secretary and treasurer, is in fine shape. For the years 1918 and 1919 the total amount of tithes was $231,359.21, while for 1920-21 it was $320,673.30, an increase of $89,314.09. The tithe per capita for the last biennial period was $44.82. For the same period the church people have given to foreign missions $188,838.81, and to home missions and local interests, $57,826.45.

Adding these figures one has a contribution of $566,835.56, or a per capita of $78.25.

Mr. Adams also makes special mention of the tract society, home mission organization, the Sabbath school, young people's missionary volunteer society, and colporteur work.

He furthermore briefly outlines the educational work, particularly at the San Fernando academy, operated as a joint school with the southeastern California conference. At the academy the regular work is given and also one year of normal. A class of thirty-five was graduated last year and the total enrollment was 115. Eighty of that number were from the Southern California conference.

Mr. Adams next takes occasion to compliment Dr. H. G. Westphal and his associates upon the splendid management and success of the Glendale sanitarium and hospital.

Of interest to the church people is the report of the establishment of the conference headquarters at 3131 Pasadena avenue. Previously over $25,000 had been paid out in rents during a period of nine years. But in 1920 the conference purchased the present location for $10,000, and later six more lots for $596. Improvements were made at a cost of $575 and a warehouse built for $3300.

In closing Mr. Adams gives the following information with regard to the encampment management:

"Two years ago we sold off all our old family tents and worn out camp fixtures for $4500. We now have 314 new family tents, three field tents and six other smaller tents, making a total of 325 tents. We also have over 2000 chairs, 200 spring cots, 200 mattresses and 200 tables, representing an investment of approximately $30,000."

The big feature of Sunday at the encampment was the opening of the exhibit tent arranged by the Glendale sanitarium and hospital.

GIRL SCOUTS ARE AWARDED BADGES

Nine Win Decorations, Which Are Awarded at Beach Residence

At the meeting of Girl Scouts held Tuesday afternoon at the home of Lucile Beach on Riverdale drive, merit badges were awarded as follows:

Alexandria Bagley, athlete badge.

Lucile Allen, scribe, pathfinder and laundress badges.

Katherine Bender, scribe, citizen and cook badges.

Mary Stanley, health winner, economist, and scribe badges.

Lucile Beach, handy-woman, needlewoman, child nurse and economist badges.

Fredericka Brown, hand-woman and pathfinder badges.

Amy Bainbridge, handy-woman, dressmaker, needlewoman, and child nurse badges.

Frances Betz, needlewoman badge.

'DUST FLOWER' ENDS RUN TOMORROW

Shown Today and Friday Night at the Glendale Theater

Basil King, one of the country's most famous novelists, has contributed another noteworthy story to the motion pictures. His first novel to be picturized was "The Street Called Straight." This was followed by "Earthbound," one of the notable picture achievements in this country and one that marked a great advance in the making of films. Now Goldwyn has made a superlative screen version of Basil King's latest novel, "The Dust Flower," with Helene Chadwick and James Rennie in the leading roles.

"The Dust Flower" is at the Glendale theatre today and tomorrow, and every person who is interested in the entertainment, technical advancement or esthetic value of motion pictures should not fail to see it. A powerful drama, unfolding an appealing love story, is told in the photoplay. It has been ably directed by Rowland V. Lee. Aside from the featured players, Miss Chadwick and Mr. Rennie, the cast boasts Claude Gillingwater, Mona Kingsley, Edward Peil and George Periolat.

Miss Chadwick is cast as Letty, a young girl abused by her stepfather who would force her to work in a low, all-night cafe and turn her earnings over to him. Rather than face the insults she knew awaited her, Letty is on the point of jumping into the river when she is rescued by Rashley Allerton, a wealthy young man, just jilted by his fiancee. He proposes to Letty and they are married at once. The fiancee repents of her summary dismissal of Allerton and asks him to send Letty away. This he decides to do, but in the end finds that the "dust flower" now fills his heart.

C. & S. BECOMES POPULAR FAMILY EATING PLACE

Homelike, Comfortable Resort for Little "Eat Sprees"

These warm summer days everyone enjoys a cool, restful place to eat their meals. The C. & S. cafeteria, at 222 North Brand boulevard, is just the right place.

This new cafeteria recently opened up, having moved from 111 North Brand, and has the most modern equipment. It is getting to be the family eating place, for a great many families bring their children there, knowing that only pure, wholesome foods will be served. It is also very homelike and comfortable.

Mrs. Louise Stocker, the manager, says that now that people are returning from their vacations and school is about to open, business is unusually good. It has been said that that location was too far away from the center of town, but Mrs. Stocker states that everyone of the apartments in the building are rented for a term of years and the steady patronage would indicate that no better location could be asked for.

POSITIONS ALTERED

Hattie—Oh, Evelyn, did he propose last night? Tell me what it was like?

Evelyn—Oh, it was very simple. When he began he was on his knees, and when he finished I was on them.

630 HI STUDENTS REGISTERED IN TWO DAYS

One Thousand More Expected Within Next Few Days

Wednesday's student enrollment at Glendale high totaled 251 and the day before 379, making a total for the two days of 630, a very fair start, but with probably 1000 more to come, lingering perhaps at the beaches and mountains, reluctant to say goodbye to summer, or, the more ambitious who have been earning money putting the finishing touches on a summer job.

It is well for the high school office force they do not all come at once, the more so because the office force has been turned to camp in the hall this week barricaded behind great piles of school books. The offices have been promised for today, however, and will be resumed with a sigh of content by the principal, the business manager and their assistants.

MISS KITTERMAN IS WED TO C. E. PERCEY

Wedding Is Attended by Relatives and Intimate Friends

Miss Lavera Kitterman of Glendale and C. E. Percey of Sunland were quietly married Wednesday afternoon at the home of Rev. C. M. Crist, pastor of the First Methodist church. The double ring ceremony was witnessed only by relatives and intimate friends of both young people.

Miss Kitterman was a charming bride in a gown of champagne colored georgette, heavily beaded with silver. She carried a shower bouquet of tea roses. Miss Mildred Johnson of Glendale was the maid of honor and wore a gown of light blue georgette with silver lace and her bouquet was of pink sweet peas. Roland Percey, brother of the bridegroom, acted as best man. The bride was given in marriage by her father. The date of this wedding is also the birthday anniversary of Mrs. Percey's father, Mr. Kitterman.

Following the ceremony a large number of friends gathered at the home of the bride, where an informal reception was held, at which time refreshments of ice cream with a heart molded in the center and wedding cake were served. The table was artistically decorated with blue crepe paper, blue candles and asters. The house was a beautiful bower of asters also.

Mr. and Mrs. Percey left soon after the reception for a short wedding trip to the beach cities. The bride's going-away costume was of navy blue duvetyn with gray squirrel collar, gray hat and slippers to match. The couple will make their home in Glendale.

Mrs. Percey is a daughter of Mr. and Mrs. R. F. Kitterman of 311 North Kenwood street, and has been a resident of Glendale for three years. For the past year she was employed at the Security Trust & Savings bank, Glendale branch. She is a graduate of the high school at Chadron, Neb., and for a short time attended the University of California. She is a member of the First Methodist church.

Mr. Percey, son of Mr. and Mrs. S. D. Percey of Sunland, graduated from the Glendale union high school in 1918. At the present time he is connected with G. Edwin Murphy, contractor and builder.

RANDALL CLAIMS ELECTION IS CERTAIN

Tabulation Shows Big Vote for Him From Both Parties

There is a new wrinkle in the ninth district congressional race. Charles H. Randall employed clerks to tabulate his votes received on the prohibition and democratic tickets, and the result was 2916 prohibition and 6865 democratic votes, making his total 27,739, as against 30,126 for Lineberger, a majority of 2387 for the latter. A total of 60,122 ballots were cast for congressman in this district, of which Jesse Oastler, blind Spanish war veteran received 2257. It is said that Oastler will throw his influence to Randall, and if that is true then the primary race appears to be practically a tie between Randall and Lineberger.

That ought to insure some fireworks in the ninth district before November 7.

Randall's figures show that he received 35 per cent of the republican primary vote, as compared with the 30, 33 and 36 per cent in his previous successful campaigns. Out of the 40,000 registered independent voters, Randall claims he will get 75 per cent as usual in November, insuring his election.

S. W. Sterns, the man that made cider famous around Glendale, has erected a new building on Verdugo road near the new city park.

TWENTY TEACHERS ADDED TO HI STAFF

Faculty Now Numbers Seventy-two, Including Principal

To carry the increased number of classes required by the growth of Glendale high and the intensive program adopted because of a congestion requiring the use of every room available for class purposes, every hour of a long school day, nearly twenty new teachers have been employed.

It will mean another hard scramble to find living quarters because Glendale is not rich in either hotels or boarding houses. Any furnished apartments that have stood idle will probably be filled.

The faculty now numbers 72, counting Principal George U. Moyse and vice principals Mrs. Moyse and A. L. Ferguson.

The full list follows:

George U. Moyse, principal.
Miss Mary Beth Abbott, head of art department.
Miss Jeanette Abel, art department.
J. Rhea Baker, head of commercial department.
Mrs. Gertrude Ballard, typing and comptometer.
Frederick F. Borncamp, history and mathematics.
Earl T. Brown, head of science department.
Howard L. Butterfield, boys' coach.
Miss Esther Crandall, art department.
Alec Leroy Ferguson, vice principal.
Bessie L. Field, history.
Miss Jennie Young Freeman, head of English department.
Preston A. Fullen, bookkeeping and penmanship.
Harold Brewster, dramatic art.
Mrs. Dora L. Gibson, head of music department.
Walter Gorman, head of woodworking department.
Miss Eleanor B. Green, science department.
Miss Mary Hairgrove, English department.
Miss Daisy Lake, librarian.
Miss Ellen J. Hanson, head of domestic science department.
Miss Ella Marion Hardy, English department.
Normal C. Hayhurst, head boys' coach.
Mrs. Vera Holloway Downing, substituting for Miss Hobush in sewing department.
Miss Iva F. Hunter, history.
Miss Florence Knight, head of girls' gym.
Miss Clara M. Lauderdale, history and economics.
Miss Inez Iedyard, mathematics.
George O. Lockwood, head of forge work and mechanical drawing.
Edla C. Magnuson, English.
Mrs. Florence Parker, chorus director.
Ross V. Miller, science department.
Mrs. Helen S. Moir, mathematics and chemistry.
Mrs. Ethel Hume F. Moyse, vice principal.
Miss Mabel Murphy, commercial department.
Miss Fay N. McEndree, Spanish department.
Miss Jennie A. McGregor, mathematics.
William A. Nord, physics department.
Irving H. Oliver, business manager.
Bert Rolf, head of auto shop work.
Miss Dorothy B. Poppy, English.
Miss Ruth Schindel, English.
Miss Lilian Edna Shattuck, gymnasium.
Mrs. Ruth B. Shearin, English.
Miss Pansy Eunice Sheldon, music.
Miss Mary Rigg, substitute in English for Miss Hilda Smith, absent on leave.
Morgan N. Smith, head of shop work.
Miss E. Maud Soper, head of history department.
Miss Charlotte Louise Spier, sewing department.
Miss Isabel Stevens, language work.
Miss Daisy Monroe, Spanish.
Miss Harriet Switzer, commercial department.
Paul E. Webb, mathematics.
Miss Mary E. Creath, English department.
Miss Beatrice Helmer, English department.
Mrs. Alice H. Davis, commercial department.
James Clark, forge work.
Miss Mabel Taylor, Spanish department.
Miss Mabel Odell, Spanish department.
Miss Mary Gladys Corry, English department.
Miss Carrie Evelyn Haney, Latin and Spanish.
Miss Grace E. Rensch, history.
Miss Fannie Ford Sloan, science and mathematics.
Miss Anna S. Elam, English.
Miss Aileen E. Renison, English.
Miss Jessie M. Hill, history.
Eugene Wolfe, physical training.
Merritt L. Hoblitt, Spanish.
O. E. McDowell, head of mathematics department.
Miss Mildred Veazey, English.
Mrs. Carol W. Koltz, mathematics.
Miss Carrie G. Ballard, gymnasium.

STRIKERS' POLICY COMMITTEE IS CALLED

"To Ratify Certain Tentative Agreements With Eastern Railroads"

CHICAGO, Sept. 7.—The policy committee of the striking shopmen was called to meet here Monday to "ratify certain agreements tentatively made with eastern railroads," a union leader declared here today.

Union officials here refused to be quoted.

"We can't talk. The gigantic undertaking we are conducting might be wrecked by premature publicity," John Scott, secretary of the shopmen's organization, declared.

Several members of the executive committee were in session here today formulating plans for Monday's meeting.

Scott declared that the policy committee was meeting here for only one purpose, and that was to discuss the terms of the proposed settlement.

"It is an expensive proposition bringing 90 men to Chicago from all parts of the country. We couldn't do it unless there was something unusually important at stake.

"This report that the policy committee was called to consider the Daugherty injunction is not true."

Striking shopmen are making their supreme effort to gain a peace agreement with approximately 50 eastern and western railroads.

Railroad executives here continued to deny that a peace agreement had been reached, but indicated that such a settlement may result from the latest move.

Shop craft leaders under the direction of Bert M. Jewell, president, offered a compromise agreement to those roads which in recent negotiations proved the most amenable.

Acceptance of the compromise by these roads would force other roads into line, a high railroad official declared today.

"Every railroad in the country needs all the revenue it can possibly get by the movement of grain and coal," this official said.

"Jewell, if the reports of his activities are true, has picked unerringly lines which are in direct competition with other lines.

"A settlement would place those carriers accepting the Jewell proposals in a position to grab off the cream of the freight business while the other lines would continue to struggle along as best they can.

"I do not believe that any settlement as yet has been reached, but it is logical to suppose that Jewell's move is a great temptation to the railroads which have been most seriously affected by the strike—and which now see a chance to settle and come out of the dispute winners."

Jewell's whereabouts were still a matter of conjecture today. The latest report was that the strike leader was near Chicago and that his personal representatives were carrying on negotiations with the eastern roads.

The more powerful lines involved in the settlement were said to be the New York Central, the Baltimore & Ohio, the Northwestern, the Burlington, the Northern Pacific and the Southern Pacific.

The Pennsylvania railroad was represented to be leading the group opposed to any settlement.

The policy committee of the shopmen was also expected to discuss the Daugherty injunction. Hearing on the motion to make the injunction permanent will start Monday.

Hale Holden, president of the Burlington, absolutely denied that any peace negotiations were under way.

The Northwestern has advertised for its shopmen to return to work, declaring that "every possible effort to settle the strike through the national offices has failed."

The Northwestern promised "fair and just treatment."

H. E. Byram, president of the Chicago, Milwaukee & St. Paul stated that he had "heard that peace negotiations were under way."

EXCHANGE CLUB TO STAGE BIG PICNIC

To Mark Admission Day With Mammoth Outing in New City Park

Admission Day, September 9, dear to the hearts of all who love the Golden State, will be fitly celebrated at the mammoth free picnic to be staged at Glendale-Verdugo park, the affair being under the auspices of the local chapter of the National Exchange club.

The gala time will begin at 10 o'clock in the morning and the gates will not close upon the merrimakers until midnight. Every imaginable kind of contest has been arranged, with all types of races and games of skill.

One of the events sure to prove a drawing card is the series of bouts, under the management of Johnny Myers of Glendale. Myers is to participate in one of the boxing events himself, but the name of his opponent is shrouded in the deepest mystery.

The incomparable KFAC orchestra will produce sweet harmony at the new open-air dancing pavilion, where there will be dancing both afternoon and evening. Several surprises have been arranged for the dance, such as prize spot dances and the like.

Refreshments to tempt the most exacting appetites will be for sale on the picnic grounds, and those who do not care to bother bringing their lunches from home will have a wide variety of edibles from which to make their choice. Also, a quaint little tea room is to be opened for the great occasion.

Purely Personal

B. Leibow from Los Angeles is now connected with the Kafeteria shoe store at 126 North Brand. He is an expert on correct fitting of ailing feet.

Mrs. Hattie Potter, a newcomer to Glendale from San Diego, has purchased a home at 908 East Elk avenue. She is a sister of A. H. Nichols of 910 East Elk avenue, one of the Circle Real Estate's busy men.

Mr. and Mrs. E. L. Brayant of San Francisco is the house guest of Mrs. R. D. Angelica, 418 East Raleigh street. Mrs. Bryant formerly made her home in Glendale.

Mr. and Mrs. R. D. Angelica and son, Bobby, of 418 East Raleigh street, Mrs. E. A. Augustine, Miss Whitmoyer, J. W. West and children, Frank and Janet, and Chas. Brown, motored to Long Beach Labor day where they had a most delightful time.

Mr. and Mrs. J. T. Stewart and daughter, Betty Jane, Miss Maurine Bettis of 346 West Doran street, Mr. and Mrs. Hunt and family of 250 West Doran street, and Walter Rose, returned Monday from Big Bear lake, where they had a cottage for ten days. They report a wonderful time.

Mrs. Louise Stocker, manager of the C. & S. cafeteria at 222 North Brand boulevard, her sister-in-law, Mrs. John Clemson of Los Angeles, Mr. Dorning, R. W. Bettis of Glendale and Mr. Levy of Los Angeles, spent Sunday and Monday at Crystal pier, Ocean Park.

Mr. and Mrs. E. E. Kent, 133 West Acacia avenue, have just returned from Sequoia national park and San Francisco, Sacramento and other points of interest. Mr. Kent will be with the E. H. R. Graham real estate firm at 1120 East Colorado boulevard.

Neal Wells, son of Mr. and Mrs. F. A. Wells of West Harvard street, who has been busy building cabins at Big Bear all summer, writes that he has purchased a lot there for himself which he will improve with a cabin.

Mrs. Ida Mason of 361 West Harvard street, and a party of friends, spent the week-end at Catalina.

Members of the Union Label league of Glendale are meeting today, Thursday at 1:30 o'clock in Odd Fellows' Hall to consider plans for the benefit dance they are giving September 11 in the K. of P. hall.

H. G. Smith, wife and family have just come to Glendale from Colorado and are making their home at 1115 East Wilson.

Mr. and Mrs. B. J. Garrett of Portland, Ore., came to Glendale intending to make only a short visit here. They have changed their minds and are going to make Glendale their permanent home. They are living at 711 East Orange Grove avenue.

F. L. Kornschild, wife and family of Colorado have made 238 North Jackson street their residence. Mr. Kornschild is a traveling salesman with the A. T. Duffy corporation of Los Angeles.

Thirty days! This sounds like a serious sentence, but it only refers to the trip from which E. L. Jordan, of the Jordan lunch stand, 119 North Brand, has just returned. He visited Portland, Ore. Mr. Jordan is a conductor on the Southern Pacific line.

Mr. and Mrs. H. J. Brucker and daughter, Helen, visited Glendale Thursday, looking for a permanent home here. Miss Helen plans to enter the Glendale union high school. At present the Bruckers are stopping at Santa Ana.

It is stated in the society column of the Mason City, Ia., Daily Globe-Gazette and Times, that Mr. and Mrs. A. G. Spohr of Glendale left September 4 for a ten days' trip to Grimestone Lake, Wis. Mr. and Mrs. Spohr have been honored at many social affairs during their stay at Mason City.

Miss Dorothy Cramer of 200 North Verdugo road returned last night after visiting in the east all summer. She had a wonderful trip but is glad to be home again.

Naylor Rogers and family are moving today from Santa Monica to 724 South Maryland avenue. Mr. Rogers is manager of the classified advertising department of the Los Angeles Express. The family moved to Santa Monica from Glendale two months ago, and are glad to get back to this city for their permanent home.

Mr. and Mrs. Louis C. Russell and their two daughters, Gladys and Clara Louise, of 169 South Central avenue, and Master John Craeford, a small neighbor, spent the recent holiday at Balboa, leaving on Saturday and not returning until Tuesday evening.

Dr. and Mrs. Gerhardt Kaemmerling of 105-A North Brand boulevard motored to Ventura on Sunday. They are taking a number of trips just now by way of entertainment for Mrs. Kaemmerling's mother, who is visiting them.

Mr. and Mrs. William Sullivan of 643 North Jackson street and Mr. Sullivan's brother, Robert Sullivan, also of Glendale, recently returned from a ten-day vacation at Big Bear lake

Dr. Laura Brown of Sixth and Grand View is vacationing for a short time at Catalina island. She will return at the end of the week.

Mr. and Mrs. E. L. Fitz, their son, Elmer, and daughter, Alice, Mr. and Mrs. Roger Fitz, Mr. and Mrs. D. K. McLeod, and F. E. Davis of Manson, Ia., motored to San Diego and Coronado for the week-end.

Mr. and Mrs. Fred S. Dixon of 324 South Verdugo road and Mr. and Mrs. A. F. Hall of Los Angeles recently returned from a most enjoyable trip to Coronado.

SPECIAL SERVICES AT NAZARENE MISSION TENT

Special evangelistic services will be held at the Nazarene mission tent on Glendale avenue near Broadway, beginning Thursday evening, September 7.

A number of the leading evangelists of the country have been secured to preach during the campaign. On the list of those scheduled to make addresses are Rev. L. E. Swaney and Rev. I. G. Martin, both most successful in their field of endeavor. Henry A. Scheid man is the superintendent of these meetings.

Good music is also promised, and community singing will be one of the features. According to those in charge, the meetings will give the "old time religion."

CHRISTIAN CIRCLE EXECUTIVE BOARD MEETS

Members of the executive board of the Christian Circle met on Wednesday afternoon at the home of Miss Maude Soper, 1305 North Maryland avenue. A representative from each of the Glendale churches attended the meeting, which was primarily a business session, though a social time was enjoyed after the work was over. The hostess served refreshments of ice cream and cake at the end of the afternoon.

The Christian Circle is an organization of girls of high school and business age, and has been in existence for 18 months. It is planned that meetings will be held each Thursday during the school year, when supper will be served, followed by a devotional hour or Bible study, under the direction of Miss Soper. The first of these gatherings is slated for September 28, though the place of meeting, which will be some church, has not yet been selected.

Truths in Epigram

If eyes were made for seeing, then beauty is its own excuse for being.— Emerson (1803-1882).

Whatever an author puts between covers of a book is public property; whatever of himself he does not put there is private property, as much as if he never had written a word.—Mary Abigail Dodge (1838-1896).

GERMAN FREEDOM OF EXPRESSION

It is interesting to observe that a paper owned by Hugo Stinnes has been suspended by the German government for a period of eight days. At the end of this time Stinnes "will give battle to the government," it is said. Precisely what this means will develop when the battle opens.

Stinnes is the richest man in Germany by far. That this places a vast power in his hands, is assured. That it gives him a potency that is to be matched against that of the government, would argue the government a weak thing indeed.

An excerpt from the offensive matter that led to suspension follows:

"The present German government by its proverbial unreliability long ago forfeited all credit and good repute abroad, and it is a tragic-comic failure to recognize facts correctly if Herr Wirth believes his policy so far has had any other effect."

However serious this may be in Germany, its hostility is no more envenomed than appears in American publications right along concerning national policies. There is no effort to suppress these here. The German government is sensitive. It is possible the feeling is accentuated by a lack of faith in its own power and durability.

A part of the Stinnes utterances fails to make itself clear. It calls for demagogues and phantasmagorists, quacks and faith-healers to retire from authority because: "They helped to lead these German people into ruin."

But far as Germany may have advanced towards the status mentioned, it is not easy to see how the personnel of the present government has been to blame. So far as the world knows, the government has done its best to retrieve the losses caused by the wanton spirit of militarism that precipitated the world war. It has not been effective. Perhaps Stinnes knows who might have been effective. Possibly he thinks that a ministry headed by Stinnes is the demand of the situation.

KEEP AWAY FROM EUROPE

The fact that American tourists are not beloved in Europe is not in the least surprising. That the natives take all the money possible away from them is, in the circumstances, to be accepted as a matter of course. It is nothing over which to permit the feelings to be roiled. The simple method of avoiding the impositions is to stay away from Europe. The visitor who is there from other lands now suggests that he is controlled by the same crude emotion that lures spectators to the morgue. If, as he asserts, he is in quest of pleasure, the domain of mourning is not the place in which to seek it.

Doubtless there are many called to Europe on legitimate errands. The great mass going thither represent idlers, with money that they flaunt before the eyes of the moneyless. Their presence and conduct necessarily must be an irritation. To observe them gambling at the resorts, or buying expensive raiment and dazzling gauds, sets up a desire to rob them sufficiently to make them quit their foolishness.

A large part of the number flocking to Europe from this country never have taken the trouble to become acquainted with their own land. Here they may find scenic beauty not to be excelled in Europe, mountains as imposing, lakes as alluring, valleys as rich in verdure and bloom. By the side of the Pacific ocean, which they never have beheld, they could find every luxury and comfort. They might have access to these without the feeling that they had fallen among thieves. They could learn considerable merely by crossing their own continent. But no, they prefer to go to far countries. Such, of course, is their privilege, but recital of the untoward experiences they undergo excites small sympathy here. Let them stay at home at least until Europe shall be in more cordial mood.

FUTILE PLEADING

Reason, argument and appeal all seem to fail in bringing automobiling to the plane of sanity. Hundreds of accidents occur daily, of which probably ninety-nine of each hundred are due to carelessness or to criminal recklessness. People with an imperfect knowledge of the mechanism they direct venture upon the highways. This is inevitable, for only experience can teach them. When they are involved in accidents, almost invariably some skilled driver also is a participant. The latter then is the more culpable, since the skilled driver should always have his machine in control. He should always realize that not everyone he meets will be possessed of similar skill. He makes allowance for the likelihood of a child's jumping from the curb just in front of him. He sometimes recognizes the possibility that a train will reach a crossing at the same instant with himself. He makes mental note of every contingency save the assurance that the amateur driver is on the road with him.

There are plain rules for the conduct of vehicular traffic. If all would obey them there would be few tragedies of the highway. The green driver fails to heed them because he gets panic-stricken in emergency. The seasoned driver deliberately ignores them when not under the eye of the police. He exceeds the limit habitually. He cuts corners, he neglects to give signals, or to heed them. Conditions have reached such a point that a more complete and drastic control of traffic is demanded. The offender in small things will have to be caught and penalized. The most trivial impairment of the code will have to be acted upon by the authorities. The same drivers that refuse to listen to admonition, or rule themselves by common sense, may become outwardly and safely decent, if made certain of punishment.

The death of Theodore Bell caused a shock to the people of this state. He had been, almost from boyhood, a forceful political figure, prominent until recently in the democratic party, that three times had sought to make him governor. With his sudden change to the republican side, it was natural that he descend from eminence as a party man. Mr. Bell was a good lawyer, a fighter entirely fearless, and he was a man blessed with many friendships.

Colonel House has returned from a long stay in Europe, bringing no glad tidings. He says the situation over there is worse this year than it was last, is quite conscious that something ought to be done about it. In common with the rest of the world, he doesn't know what should be done.

Few women have time to look like their portraits.

The Monotony of Superstition

By DR. FRANK CRANE

It is quite a custom among minds that have never developed spiritual consciousness to consider paganism as freedom.

DR. FRANK CRANE

Having grown up among Christian institutions, that which has impressed them most have been the restrictions devised by the various churches.

These restrictions were intended to be disciplinary. They work well enough when there is something to discipline. But where there is no spiritual life, they produce only irritation and rebellion.

Every faith which has got itself into an organization, creates a by-product of infidelity. The infidel, outside of the church, is the natural reaction against intolerance inside of the church.

That considerable mass of people who have been repelled from spiritual life by the hardness of organization, are also human; and being human, they have spiritual appetite, which is a common human instinct.

To gratify this appetite, some of them turn to the variegated field of religious fads and novelties.

Others, and particularly those who are responsive to the deep humanities of the pre-Christian classics, those who have enjoyed the stimulus of culture, often turn with thirsty eyes to the fountains of paganism.

This sentiment is exquisitely expressed by Wordsworth:

"Great God! I'd rather be
A Pagan suckled in a creed outworn,
So might I, standing on this pleasant lea,
Have glimpses that would make me less forlorn;
Have sight of Proteus rising from the sea,
Or hear old Triton blow his wreathed horn."

But the trouble is that this is only a pathetic longing; the object toward which it is directed has no more sustenance than a painted apple, nor more perfume than an embroidered flower.

As a matter of fact, paganism was a great fear; as the Roman said, "Timor fecit deos," fear makes the gods.

Instead of being afraid of one god, the ancients were afraid of a thousand.

The triumph of modern faith is that it conceives of the Deity as a friend, and all the terrors with which He is still clothed are but the clinging garments of that paganism which modern faith has been unable to discard.

It was in the little country of Judea that was born the germ of wholesome spirituality.

No Chinese, no Persian, no Egyptian, no Greek, no Roman, nor Homer nor Horace, had the spiritual vision of the Jewish shepherd boy who coined the phrase, "The Lord is my Shepherd."

To paganism the Deity was a dread autocrat; rather, their gods were a swarm of divine policemen and detectives.

To the pagan, there was a god lurking behind every tree, concealed in every brush, thundering in the storm. Gods were everywhere. When he walked the woods, he feared he might step on one. When he bathed in the waters, one might be lurking there to seize him.

The human mind cannot continue to exist in an environment of fear; by and by he will defy it or ridicule it.

Nothing is so monotonous as fear.

Paganism passed simply because humanity was bored with it.

We can no more turn again to paganism than a grown man can go back to the tale of Little Red Riding Hood.

THE RIGHT WORD

By W. CURTIS NICHOLSON

INTERVIEWS TO BE RUN IN "THE RIGHT WORD"

Prominent Men to Express Opinions

English in Business and Social Life to Be Discussed

The first interview will be published tomorrow. It will be with Evans Woolen, president of the Fletcher Savings and Trust company of Indianapolis. Read what Mr. Woolen says on clearness necessary in a business letter.

Another Interview Saturday

W. J. Graham, vice president of the Equitable Life Assurance society, will then tell of the fundamental requirements of a business letter. How should a letter start? How long should it be? What principles should the writer always keep in mind? Read what Mr. Graham has to say.

One or Two Interviews a Week

For a time "The Right Word" will run one or two of these interviews a week. You will find them interesting, instructive and helpful. They will give you the tested opinions of men of affairs, of men whose varied experiences over long periods of service place them in a position to give valuable advice.

Your Opinions Welcome

If any of the ideas advanced interest you sufficiently to write in your own opinions, "The Right Word" will be glad to publish your communication. However, such a letter should not be longer than 250 words.

Exchanging Ideas

Such is the object of the interviews and of the "Discussion Club," and also of the "Queries." After you have written what you think, you will be able to read what some one else thinks in your own city or in some other part of the country. Exchanging ideas will be beneficial to all.

(Copyright, 1922, by The Associated Newspapers)

THE LISTENING POST

It would be interesting to know who first made the picture of Uncle Sam.

The picture that all the cartoonists follow as their model.

For cartoonists follow models just as musicians and poets and others of the kind.

There is little originality in the world.

Most of the stuff that is put out is a kind of agreeable imitation of something put out before.

* * *

Somebody has said that a composer was a musician with a good memory.

That may be putting it strongly.

But there is an element of truth in it for all that.

For nature does much the same thing as the composer.

She takes much the same elements and mixes them in a slightly different combination and makes something else.

* * *

She mixed her primary colors and makes white.

Then she mixes various pairs of her colors and makes other shades.

But the colors at the basis of all the mixings are few in number.

Out of which she gets an infinite number of shades and tones.

* * *

The poet has after all few themes.

With an infinite number of variations.

There is love which is the greatest theme in all poetry.

Then there is sorrow.

And there is war and death which perhaps follow closely after the others named.

* * *

But an analysis of a thousand poems will disclose remarkably few themes.

A dozen or more general themes will cover the whole number.

As with the jests of the world that pass for wit.

They arise from a few general themes.

Impecuniosity, the household friction of daily life, the mother-in-law, the old-fashioned tramp, the husband who stays out long and unexplainably at night—these are a few of the sadly overworked material for jest.

* * *

But to get back to Uncle Sam:

Whoever first made him in the cartoons pictured a lean, rather Yankee looking, hard-headed, fairly good natured and likeable old chap.

Who is slow to anger, keen to observe, shrewd to discover, and who generally achieves what he wishes to.

He has a pretty fair notion of what is right and wrong.

Is not a prude or a bigot.

But likes a square deal.

* * *

And those hot-headed and hasty-tongued and ill-tempered persons who think Uncle Sam can be flouted and spit upon and defied are making a grievous mistake.

For Uncle Sam has always managed to settle difficult questions and to settle them fairly.

Even if the settlement involved the punishment of hotheads and malcontents and stone throwers.

* * *

Way back in 1776 the spirit of Uncle Sam made a nation.

In 1812 and 1861 and 1898 the same spirit defended and protected the nation.

In 1917 the spirit of Uncle Sam proved to be as gallant and courageous as ever.

And notwithstanding all the Reds and half-Reds and parlor Bolsheviki and soap-boxers and bomb throwers and breeders of domestic discord, home grown and imported, Uncle Sam will be found able to cope with any situation that may arise.

* * *

For Uncle Sam is still hard headed and shrewd and kindly and friendly and earnest and determined, if the necessity arises.

And he can spank a domestic enemy as readily and thoroughly as a foreign one.

For he intends to run the ship of state.

No matter what mutineers seek to take the wheel out of his hands.

JAMES W. FOLEY.

SONGS OF THE POETS

Proud Maisie—By Walter Scott (1771-1832)

Proud Maisie is in the wood,
Walking so early;
Sweet Robin sits on the bush,
Singing so rarely.

"Tell me, thou bonnie bird
When shall I marry me?"
"When six braw gentlemen
Kirkward shall carry thee."

"Who makes the bridal bed,
Birdie, say truly?"
"The grey-headed sexton
That delves the grave duly.

"The glow worm o'er grave and stone
Shall light thee steady;
The owl from the steeple sing
Welcome, proud lady!"

Soaring Tests Predict Low-Powered Airplane

Great interest has been aroused here in motorless aerial flight by the success of German soaring exhibitions in the Rhon mountains.

The most promising possibility that can be foreseen as the result of further perfection of soaring flight is a low-powered airplane that will rival the vulture and the albatross.

Soaring that is being practiced in the German contests is true flight as contrasted with gliding, a mere dropping in altitude gradually with a horizontal movement. A glider may be compared with a flying squirrel using its tightly stretched skin between its front and hind legs to glide from a high tree to a lower one, while a "sailer" or a true soaring plane utilizes the same sort of upward air currents that support soaring birds which long ago instinctively mastered the secret of effortless flight. In addition to upward air currents, irregularities in the natural wind are available for motorless flight without loss of height. Such irregularities take two forms: Great fluctuations in the strength of the wind and rapid fluctuations in wind direction. But they are little utilized by birds or their mechanical imitators. Soaring birds and planes take advantage of rising air currents almost exclusively.

When a wind is blowing in uneven country, rising air currents can always be found due to the vertical component of the deflected wind. This is the case at the site of the German soaring exhibitions. But weather conditions instead of the lay of the land can create upward breezes that will support a properly designed and manipulated bird or plane. Though the air is not warmed to any great extent by the passage of the sun's rays through it, the heat rays reflected from the earth do raise the lower air to higher temperature than that of upper levels. As hot air weighs less than cold, it must go up and create a rising current. Birds utilize this lifting power and man will in the future.

In soaring, a future low-powdered airplane, using its motor as an auxiliary just as a sail-boat does, will probably utilize the meteorological upward currents rather than the less extensive and less reliable wind currents in rough country. Such soaring will be easier in hot weather, during the day, when clouds are absent, and over heat producing areas such as cities. True soarability will be found only in hot climates. The soaring airplane, to be practicable, experts believe, should be able to fly as slow as 20 miles per hour and should not be loaded over two pounds per square foot of wing surface. The heaviest birds, loaded one and a half pounds per square foot, can keep in the air at 16 miles per hour. With such an airplane, having a top speed of 60 miles per hour, it is believed that a gasoline consumption as low as that of a touring car could be obtained. It would be able to land and take off from an ordinary field. Under favorable circumstances, in hot countries, it may be even possible for it to fly without power once a certain height is gained.

When such an economical airplane is produced rivaling the seagull man will be able to claim the conquest of the air. Ocean liners may aerially tow such semi-soaring planes just as the upward wind they create in ploying through the sea carries along the motionless seagulls.

EASTERN POINT OF VIEW

THE OPTIMISTIC NOTE

[Marion Star]

Homing of the harvest will be a festival, indeed, this year. Nature promises her limit of bounty for the prosperity of the American people. Industry, wideawake, is chafing to break the speed laws. Clashing elements among human atoms alone mar at the moment the prospect for a Thanksgiving in the late autumn of exceptional significance.

The crops are the basis of every people's prosperity, and when there be added to a bountiful harvest industrial health and vigor such as are reported from other governmental sources the non-materialization of tremendous prosperity can be due only to the contrariness of man. The natural combination spells employment, and the dethronement of old High Cost of Living.

OBSERVED AT A GLANCE

By HENRY JAMES

Newspapermen and others who had to work Labor day got a grim satisfaction in regarding themselves as martyrs.

* * *

So afraid was a movie man of publicity that he went clear to Mexico before staging a fight with an alligator.

* * *

The truth is that nobody ever believed much in the good faith of the Villa bunch even after its heralded conversion.

* * *

Gabrielle D'Annunzio, bald and cranky poseur, seems to retain his early habit of breaking the feminine heart.

* * *

A football player has turned pugilist. For some stars of the gridiron such a change would be slight.

* * *

Edna Ferber adds the weight of her counsel to the current advice to Americans to shun Europe. It is easier to be robbed at home.

COMMENT ON DAY'S NEWS

By HENRY JAMES

Discussions of the next European war continue. The fact seems to be taken for granted that men are going right on with hatred and greed their actuating motives. The thought that humanity may become sane, and civilization vindicate its right to exist, seems generally to have been dismissed from mind.

HENRY JAMES

A common idea is to have Germany and Russia aligned against the rest of Europe. If the millions of Russia could be gathered in hostile array under German leadership, the result could be nothing less than the end of civilization.

So far as the policy of hatred is being applied to Germany, the effect, in theory, is to bring about the result mentioned. Hatred towards Russia is not indicated. So far as hatred is injuring Russia, it is hatred created and nurtured by itself, re-acting upon the creators. Russia had not been asked to declare itself the enemy of the organized world. It has so declared. It presents the attitude of the rattler poised to strike. It does not invite amity, and it wants no understanding save that it shall dictate the fate of nations everywhere.

But Russia could not form an army to sweep Europe. It is poverty-stricken, ragged; eating, when it does eat, the black bread of charity. That it could arm millions of men and equip a commissary, until economic conditions had absolutely changed, is a bad dream. In respect of these things Germany could be of no aid. Russia must learn to provide milk for its babes before sending armies to crush a continent under foot.

Unless the policy of hatred shall be transmuted into something finer; if the metal of the human race is too base to be made more precious, naturally the future will be marked by disaster, so stupendous, that to civilization, it will be utter and final. But perhaps the races, after all, have some sense.

* * *

As with every approaching autumn, men are being counselled to cast away their straw hats. This is a recurrent impertinence. The date for discarding the straw is in the first half of September. Often the weather here in October, or even November, is admirably suited to the summer lid.

The time to lay aside the straw hat is when a hat of some other character may be worn more comfortably.

Of course, women have been wearing their fall nats through the recent hot spell. They felt compelled to do so by fashion. It is their privilege to be sweetly foolish about such things. But the male who listens to the dictum of style in headgear, is foolish without any suggestion of sweetness.

* * *

After forty-seven miners had been buried five days in the depth of a mine, men working to rescue them reported that the imprisoned miners had signaled.

This does not seem probable. Regardless of atmospheric conditions, which in themselves might be deadly, five days would be a long period of survival without food, and unsustained by hope.

* * *

It is reported that some of the followers of Villa have deserted his peaceful ranch and become bandits once more. In that country a bandit is termed, by courtesy purely, a revolutionist.

There never has been an abounding faith in the good intent of Villa. So deep-dyed a villain seldom can be depended upon to forsake the error of his ways, and never backslide a bit. However, the present government has a fashion of backing bandits against a wall, a process devoid of red tape, and notably salutary.

* * *

There is a safe way for passengers in a frail row boat to change places. It comes after the preliminary of drawing the boat high on the beach.

People in such craft, who try to change seats while afloat either are lucky or unlucky. If the former they escape with a ducking. If the latter, they go down the third time before arrival of the rescue party.

* * *

The householder wonders mildly at the impossibility of getting fresh eggs. The hens are laying such eggs right along. The householder, if owner of the hen, gets a fresh egg. If not the owner of the hen, he gets the other kind.

Often the label "Fresh" means fresh from the storage house.

In a Philadelphia market there were displayed these legends over as many baskets:

"Eggs."
"Fresh eggs."
"Strictly fresh eggs."
"Eggs for invalids."

Personal investigation showed that in the estimate of the conscientious market man, the only person entitled to an egg fit to eat was the invalid.

* * *

Odessa is said to be the center of a revolt against the bolsheviki. Perhaps this is true and perhaps not. There would be satisfaction in being able to believe it.

In a complete and successful revolt against the oligarchy mentioned lies the only perceptible hope of Russia.

* * *

There is a very touching story from Mexico about Syd. Chaplin who went in swimming there and came into intimate contact with a huge alligator. The 'gator could bite harder and swim faster than Chaplin, but failed in the climbing of trees.

Of course, if the press agent did not imagine the saurian, and Syd. really got nipped, these unkind insinuations will be withdrawn. Nobody would willingly accord any 'gator the privilege of biting even a less popular movie magnate than Chaplin.

WATCHING THE PARADE

By JOHN PILGRIM

We took dinner over at the Tompkinses last night. And, as I have lived through this experience, I hasten to register a vow never again. Never any more dinners at the Tompkinses. Because I'm not a skilled liar with the face. I may deceive with the tongue, but my aged and permeable map gives me away. I say:

"I think Johnny is quite right, Mum."

I think, and my face shows it, that he is the most worthless, selfish, spoiled young man I have ever known. I yearn to take Johnny out behind the barn and bust him with a fence rail. I think she is the most blistered old fool on my treasured list of friends. My conviction is, however, that she is now on her way to get her come-uppances. Johnny will make her suffer for her folly.

"It is absurd on the part of Mrs. Colliver to insist upon chaperoning us every time I call upon her daughter. Isn't it, Mamma?"

And Mamma says warmly that it is the silliest thing she ever heard of.

"But you are able to get away from her now and then, aren't you, Johnny?" says this fool ma. And Johnny says that he is.

The truth is that Johnny, who is thirty-odd years old in years and has the discretion, the self-control, the unselfishness, the consideration for others of the average boy of eight, is a recently divorced man who is the father of three children. He dropped his wife because he fell in love with another woman. Now he is engaged to be married to a third and he insists that he is entitled to the same trust and confidence that might be given him if he were a clean, decent boy of twenty.

"I do not want you as a son-in-law," says Mrs. Colliver. "But because my daughter insists on marrying you I will reluctantly consent. But I do not trust you. I think you are a spoiled, selfish, no-account little liar. Not until my daughter is your wife is my responsibility at an end."

And Johnny and his mother turn purple and green when they repeat these words. Yet Johnny must suspect that he is not the timber from which Sir Galahads are hewn, and his mother must fear the days ahead.

To relieve themselves they make me lie to them when they catch me for dinner. But in my heart I know that Johnny will go under the harrow in the end, and that the silly woman who spoiled him will suffer with him. One can not evade discipline in this world. Though he may escape it for quite a while.

BURBANK OFFICERS ARREST THREE NEGROES

Trio Are Charged With Transporting Liquor and Speeding

For the first time in several months negroes were arrested in Burbank when the local officers picked up two men and a boy on liquor transportation charges last Monday night, a quart of brandy and wine mixture being found in their automobile.

The arrest was made by Chief Cole and Deputy Olchvary, who were attracted by the fast rate of speed in which the trio were riding, the car being reported as making 45 miles an hour through the business section of the city.

The three gave their names, addresses and ages as follows:

Harry Spates, age 34 years, Oakland; A. Spates, age 12 years, brother of the former, Los Angeles; Henry E. Hasting, Oakland.

The car was said to be owned by Hasting, but was being operated by the elder Spates.

The driver was fined $50 on the charge of speeding when arraigned before Judge Crawford in the recorder's court yesterday.

All three were held in jail Monday night on charges of transporting liquor. They were released Tuesday, the machine being held in lieu of $300 bail. The date of their appearance on the liquor charge will be set later.

All were drinking when arrested, according to Officer Olchvary.

RADIATOR CAP IS STOLEN FROM MACHINE

Thieves Busy at the Los Angeles Pageant, Colburn Says

Auto thieves certainly are busy at the Pageant of Progress being staged in Los Angeles, judging from the report of R. W. Colburn, secretary of the Burbank chamber of commerce.

Secretary Colburn locked or fastened his auto securely in every way except the radiator cap when he left the machine while attending the big event Sunday.

When he returned the radiator cap was gone.

CITY PRINTING

NOTICE OF STREET WORK

PUBLIC NOTICE IS HEREBY GIVEN THAT THE COUNCIL OF THE CITY OF GLENDALE, ON THE 24th DAY OF AUGUST, 1922, DID, AT ITS MEETING ON SAID DAY ADOPT A RESOLUTION OF INTENTION, NUMBER 1655, DECLARING AS FOLLOWS:

SECTION 1. That the public interest and convenience require and it is the intention of the Council of the City of Glendale to order the following work and improvement to be done, to-wit:

First: That

PATTERSON AVENUE

from the northerly prolongation of the westerly curb line of Kenilworth Avenue to a line drawn across Patterson Avenue at right angles to the southerly line of Patterson Avenue from a point in the southerly line of Patterson Avenue one and twenty-eight hundredths (1.28) feet, measured along said southerly line westerly from the northeasterly corner of Lot 24, Tract No. 5116, as per map recorded in Book 54, page 36 of Maps, Records of Los Angeles County, California, including all street and alley intersections or terminations, except those portions as are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with Plan No. 577, Profile No. 887, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Second: That a six (6) inch Class "B" cast iron water pipe be laid in Patterson Avenue and across all intersecting or terminating streets and alleys along a line seventeen (17) feet northerly of and parallel to the southerly line of Patterson Avenue, said pipe to extend from the northerly prolongation of the westerly curb line of Kenilworth Avenue to the northerly prolongation of the westerly line of Lot 25 of said Tract No. 5116, together with all connections, valves, fire hydrants and appurtenances, all as shown on Plan No. 577-W and Profile No. 887, and said pipe and appurtenances to be used for fire protection and the distribution of the municipal water supply of the City of Glendale. Said pipe shall be laid in accordance with said Plan and Profile and between the points on the lines and grades and at the elevations designated thereon, and said pipe, connections, valves, fire hydrants and appurtenances shall be constructed in accordance with the Plans and Profile therefor, designated as Plan No. 448, Plan No. 439, Plan No. 577-W, Profile No. 887, and in accordance with Specifications therefor, adopted by the Council of the City of Glendale and designated as Specifications No. 42, for furnishing and laying cast iron water pipe in the City of Glendale.

Third: That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications be constructed along each side of the roadway of Patterson Avenue from the northerly prolongation of the westerly curb line of Kenilworth Avenue to a line drawn across Patterson Avenue at right angles to the southerly line of Patterson Avenue from a point in the southerly line of Patterson Avenue one and twenty-eight hundredths (1.28) feet measured along said southerly line westerly from the northeasterly corner of Lot 24, Tract No. 5116, as per map recorded in Book 54, page 36 of Maps, Records of Los Angeles County, California, including curb returns at terminating streets and at certain places shown on Plan No. 577, except where said curbs have already been constructed to the official line and grade. Said curbs shall be constructed in accordance with Plan No. 577, Profile No. 887, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Fourth: That a cement gutter be constructed along each side of the roadway of Patterson Avenue from the northerly prolongation of the westerly curb line of Kenilworth Avenue to a line drawn across Patterson Avenue at right angles to the southerly line of Patterson Avenue from a point in the southerly line of Patterson Avenue one and twenty-eight hundredths (1.28) feet measured along said southerly line westerly from the northeasterly corner of Lot 24, Tract No. 5116, as per map recorded in Book 54, page 36 of Maps, Records of Los Angeles County, California, and around and extending into Kenilworth Avenue; said gutters shall be two (2) feet in width and five (5) inches in thickness, except that a gutter four (4) feet in width be constructed across the intersection of Patterson Avenue with Chester Street along the southerly side of the roadway of Patterson Avenue and along the northerly side of the roadway of Patterson Avenue from a line one hundred seventeen (117) feet easterly of the easterly line of said Tract No. 5116 to a line drawn three hundred fourteen (314) feet easterly of the easterly line of said Tract No. 5116 and across the intersection of Patterson Avenue with that proposed alley as shown on Plan No. 577; said gutters shall be constructed in accordance with Plan No. 577, Profile No. 887, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Fifth: That a cement sidewalk of the width of five (5) feet be constructed along the southerly side of Patterson Avenue from the westerly curb line of Chester Street to a line one and twenty-eight hundredths (1.28) feet westerly of the easterly line of Lot 25 of said Tract No. 5116, and along the northerly side of Patterson Avenue from a line one hundred twenty-two (122) feet easterly of the easterly line of said Tract No. 5116 to a line twenty-two (22) feet westerly of the easterly line of Lot 36 of said Tract No. 5116 as shown on Plan No. 577, except where sidewalk is already constructed to the official line and grade. Said work shall be constructed in accordance with Plan No. 577, Profile No. 887, and in accordance with Specifications therefor, adopted by the Council of the City of Glendale and known as Specifications No. 31.

Sixth: That all of the roadway of Patterson Avenue between gutter lines from the northerly prolongation of the westerly curb line of Kenilworth Avenue to a line drawn across Patterson Avenue at right angles to the southerly line of Patterson Avenue from a point in the southerly line of Patterson Avenue one and twenty-eight hundredths (1.28) feet, measured along said southerly line westerly from the northeasterly corner of Lot 24, Tract No. 5116, as per map recorded in Book 54, page 36 of Maps, Records of Los Angeles County, California, be paved with an oil macadam pavement five (5) inches in thickness in accordance with Plan No. 577, Profile No. 887, and in accordance with Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Seventh: That

FAIRMONT AVENUE

from the westerly line of Chester Street to the easterly curb line of Concord Street, including all terminations of streets, also that part of Concord Street adjoining Fairmont Avenue upon which sidewalks, curb or pavement are to be constructed as shown on Plan No. 577, except those portions which are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with Plan No. 577, Profile No. 894, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Eighth: That a four (4) inch Class "B" cast iron water pipe be laid in Fairmont Avenue and across all intersecting or terminating streets along a line fifteen (15) feet northerly of and parallel to the southerly line of Fairmont Avenue, said pipe to extend from the westerly line of Chester Street to the easterly curb line of Concord Street, together with all connections, valves, fire hydrants and other appurtenances, all as shown on Plan No. 577-W, and Profile No. 887, said pipe and appurtenances to be used for fire protection and the distribution of the municipal water supply of the City of Glendale. Said pipe shall be laid in accordance with said Plan and Profile and between the points on the lines and grades and at the elevations designated thereon, and said pipe, connections, valves, fire hydrants and appurtenances shall be constructed in accordance with the Plans and Profile therefor, designated as Plan No. 448, Plan No. 439, Plan No. 577-W, Profile No. 887, and in accordance with Specifications therefor, adopted by the Council of the City of Glendale and designated as Specifications No. 42, for furnishing and laying cast iron water pipe in the City of Glendale.

Ninth: That a cement sidewalk of the width of five (5) feet with sidewalk returns at all intersecting or terminating streets, be constructed each side of Fairmont Avenue from the westerly line of Chester Street to the easterly curb line of Concord Street and along the easterly side of Concord Street adjoining Fairmont Avenue to complete the sidewalk returns as shown on Plan No. 477, except where sidewalk is already constructed to the official line and grade. Said work shall be done in accordance with Plan No. 577, Profile No. 894, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Tenth: That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications, with curb returns at all intersecting or terminating streets, be constructed along each side of the roadway of Fairmont Avenue from the westerly line of Chester Street to the easterly curb line of Concord Street and along the easterly side of Concord Street adjoining Fairmont Avenue to complete the curb returns as shown on Plan No. 577, except where sidewalk is already constructed to the official line and grade. Said curbs shall be constructed in accordance with Plan No. 577, Profile No. 894, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Eleventh: That all of the roadway of Fairmont Avenue between curb lines from the westerly line of Chester Street to the easterly curb line of Concord Street, including all intersections and terminations of streets and alleys, be paved with an oil macadam pavement three (3) inches in thickness, in accordance with Plan No. 577, Profile No. 894, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Twelfth: That

CHESTER STREET

from the southerly line of Patterson Avenue to the easterly prolongation of the southerly line of Lot 16 of aforesaid Tract No. 5116, including all intersections of streets, except those portions which are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with Plan No. 577, Profile No. 893, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Thirteenth: That a cement sidewalk of the width of five (5) feet with sidewalk returns at all intersecting or terminating streets, be constructed along the westerly side of Chester Street from the southerly line of Patterson Avenue to the easterly prolongation of the southerly line of Lot 16 of aforesaid Tract No. 5116, except where sidewalk is already constructed to the official line and grade. Said work shall be done in accordance with Plan No. 577, Profile No. 893, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Fourteenth: That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications, with curb returns at all intersecting or terminating streets, be constructed along the westerly side of the roadway of Chester Street, from the southerly line of Patterson Avenue to the easterly prolongation of the southerly line of Lot 16 of aforesaid Tract No. 5116, except where the curb is already constructed to the official line and grade. Said curbs shall be constructed in accordance with Plan No. 577, Profile No. 893, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Fifteenth: That all of the roadway of Chester Street between curb lines from the southerly gutter line of Patterson Avenue to the easterly prolongation of the southerly line of Lot 16 of aforesaid Tract No. 5116, including all intersections and terminations of streets and alleys, be paved with an oil macadam pavement three (3) inches in thickness, in accordance with Plan No. 577, Profile No. 893, and Specifications for said work adopted by the Council of the City of Glendale and designated as Specifications No. 42, for furnishing and laying cast iron water pipe in the City of Glendale.

Ninth: That a cement sidewalk of the width of five (5) feet with sidewalk returns at all intersecting or terminating streets, be constructed each side of Fairmont Avenue from the westerly line of Chester Street to the easterly curb line of Concord Street and along the easterly side of Concord Street adjoining Fairmont Avenue to complete the sidewalk returns as shown on Plan No. 477, except where sidewalk is already constructed to the official line and grade. Said work shall be done in accordance with Plan No. 577, Profile No. 894, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Tenth: That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications, with curb returns at all intersecting or terminating streets, be constructed along each side of the roadway of Fairmont Avenue from the westerly line of Chester Street to the easterly curb line of Concord Street and along the easterly side of Concord Street adjoining Fairmont Avenue to complete the curb returns as shown on Plan No. 577, except where sidewalk is already constructed to the official line and grade. Said curbs shall be constructed in accordance with Plan No. 577, Profile No. 894, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Eleventh: That all of the roadway of Fairmont Avenue between curb lines from the westerly line of Chester Street to the easterly curb line of Concord Street, including all intersections and terminations of streets and alleys, be paved with an oil macadam pavement three (3) inches in thickness, in accordance with Plan No. 577, Profile No. 894, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Twelfth: That

CHESTER STREET

from the southerly line of Patterson Avenue to the easterly prolongation of the southerly line of Lot 16 of aforesaid Tract No. 5116, including all intersections of streets, except those portions which are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with Plan No. 577, Profile No. 893, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Thirteenth: That a cement sidewalk of the width of five (5) feet with sidewalk returns at all intersecting or terminating streets, be constructed along the westerly side of Chester Street from the southerly line of Patterson Avenue to the easterly prolongation of the southerly line of Lot 16 of aforesaid Tract No. 5116, except where sidewalk is already constructed to the official line and grade. Said work shall be done in accordance with Plan No. 577, Profile No. 893, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Fourteenth: That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications, with curb returns at all intersecting or terminating streets, be constructed along the westerly side of the roadway of Chester Street, from the southerly line of Patterson Avenue to the easterly prolongation of the southerly line of Lot 16 of aforesaid Tract No. 5116, except where the curb is already constructed to the official line and grade. Said curbs shall be constructed in accordance with Plan No. 577, Profile No. 893, and Specifications for said work

SOMMER - REVELES ENGAGEMENT IS ANNOUNCED

Proprietor of De Lux Cleaners Will Become Benedict

William A. Reveles, proprietor of the De Luxe Cleaners and Dyers on South Castle, Eagle Rock, makes the announcement of his engagement to Miss Clara Sommer of Los Angeles. Formal announcement is to be made to relatives and friends at the home of Miss Sommer's parents, Mr. and Mrs. M. Sommers, 329 West Fifty-third street, Los Angeles, on Sept. 9.

Miss Sommers is described as one of the prettiest girls in Los Angeles, her native city. She has been employed for some time as cashier at Ralphs' Grocery company, on South Spring street.

William A. Reveles has been living with his mother, Mrs. S. Reveles, for the past year. They came here from Salt Lake City. He was associated for a time with the Eagle Rock Dye Works, but recently opened his own place of business on South Castle. The date of the wedding is undecided.

Since Reveles has told friends of his engagement he has been kept busy acknowledging their congratulations.

EXPECT INCREASE IN PRICES OF DIAMONDS

European Syndicate Will Boost Prices in U. S. Soon, Report

If you intend to purchase diamonds do not postpone the event very much longer.

This advice has been offered Burbankers by jewelry dealers, who are expecting that the prices of diamonds will increase one-third before the close of the year.

The reason for the increase is a "buyers' strike," which was brought about by prevailing high prices in Europe, it is said.

An English diamond syndicate, which controls about 95 per cent of the raw diamonds in the world, is holding prices higher than prevailing American prices. Therefore, when the present American supply is exhausted, the prices will go up to meet the demand of the foreigners.

CITY PRINTING

a point in the southerly line of Patterson Avenue one and twenty-eight hundredths (1.28) feet measured along said southerly line westerly from the northeasterly corner of Lot 24, Tract No. 5116, as per map recorded in Book 54, page 36 of Maps, Records of Los Angeles County, California, and around and extending into Kenilworth Avenue; said gutters shall be two (2) feet in width and five (5) inches in thickness, except that a gutter four (4) feet in width be constructed across the intersection of Patterson Avenue with Chester Street along the southerly side of the roadway of Patterson Avenue and along the northerly side of the roadway of Patterson Avenue from a line one hundred seventeen (117) feet easterly of the easterly line of said Tract No. 5116 to a line drawn three hundred fourteen (314) feet easterly of the easterly line of said Tract No. 5116 and across the intersection of Patterson Avenue with that proposed alley as shown on Plan No. 577; said gutters shall be constructed in accordance with Plan No. 577, Profile No. 887, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Fifth: That a cement sidewalk of the width of five (5) feet be constructed along the southerly side of Patterson Avenue from the westerly curb line of Chester Street to a line one and twenty-eight hundredths (1.28) feet westerly of the easterly line of Lot 25 of said Tract No. 5116, and along the northerly side of Patterson Avenue from a line one hundred twenty-two (122) feet easterly of the easterly line of said Tract No. 5116 to a line twenty-two (22) feet westerly of the easterly line of Lot 36 of said Tract No. 5116 as shown on Plan No. 577, except where sidewalk is already constructed to the official line and grade. Said work shall be constructed in accordance with Plan No. 577, Profile No. 887, and in accordance with Specifications therefor, adopted by the Council of the City of Glendale and known as Specifications No. 31.

Sixth: That all of the roadway of Patterson Avenue between gutter lines from the northerly prolongation of the westerly curb line of Kenilworth Avenue to a line drawn across Patterson Avenue at right angles to the southerly line of Patterson Avenue from a point in the southerly line of Patterson Avenue one and twenty-eight hundredths (1.28) feet, measured along said southerly line westerly from the northeasterly corner of Lot 24, Tract No. 5116, as per map recorded in Book 54, page 36 of Maps, Records of Los Angeles County, California, be paved with an oil macadam pavement five (5) inches in thickness in accordance with Plan No. 577, Profile No. 887, and in accordance with Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

'BLOOD AND SAND' FILM ENDS THIS EVENING

Great Ibanez Play Draws Record Crowds at the T. D. & L.

"Blood and Sand," the great Niblo feature, will close tonight a record run of three days at the T. D. & L. theatre and bring to a close on of the finest productions of artistry seen for a long time in Glendale.

While Valentino is the star of the production, and his work justifies the designation, the work of Miss Lee and Miss Naldi in support is wonderful. The atmosphere of fascination that surrounds the presentations of each of these women is distinct, each in its own tempo and appeal.

With Miss Lee it is the atmosphere of the good little wife. With Miss Naldi, that of the polished, calculating artist in the handling of the emotions of men. The vulgar "vamp" is very far from her conception of the role.

The swaying of the really crude and emotional young bullfighter from one to the other, is a masterpiece of acting which matches the rest of Valentino's work, including his realistic arena scenes.

The setting is as usual in the Ibanez Spanish writings, marked by things rarely beautiful in Spanish art.

The whole showing is one well worth seeing tonight, before it closes, although it will be necessary to reach the theatre early to obtain a seat. The first evening performance, usually the best in all theatres, starts promptly at 7 o'clock, for there are in all eight reels.

MASONS TO VISIT CORONADO ISLAND

Robert A. Sullivan of 711 South Central avenue and Mr. Gilhully of Glendale, will be among the 400 Masons who will make the trip to Coronado island on the Ruth Alexandria, which was chartered by the San Diego Pyramid brothers.

The boat will leave San Pedro at 9 p. m. Friday, getting in San Diego Saturday a. m. There they will be joined by 1100 strong, including 500 candidates. The good ship Ruth will then head towards the coast of Mexico for the big event.

The Glendale boys expect to be home some time Sunday night.

A Swedish inventor's windmill drives an electric generator by lifting a two-ton weight to the top of a tower, its descent actuating gearing.

RESOLUTION OF INTENTION NO. 1662

A RESOLUTION OF THE COUNCIL OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO IMPROVE A PORTION OF THOMPSON AVENUE, IRVING AVENUE, ALLEN AVENUE, LINDEN AVENUE, ALAMEDA AVENUE AND GLENWOOD ROAD

CITY PRINTING

AND CERTAIN STREETS AND ALLEYS INTERSECTING THEREWITH IN THE CITY OF GLENDALE, AND DESCRIBING THE DISTRICT TO BE ASSESSED TO PAY THE COSTS AND EXPENSES OF SAID IMPROVEMENT, AND PROVIDING BONDS FOR THE PAYMENT OF SAME.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF GLENDALE:

Section 1. That the public interest and convenience require and it is the intention of the Council of the City of Glendale to order the following work and improvement to be done, to-wit:

First: That a four (4) inch Class "B" cast iron water pipe be laid in Thompson Avenue along a line parallel to and twenty-three (23) feet southeasterly of the northwesterly line of Thompson Avenue, said pipe to extend southwesterly from a point nineteen (19) feet northeasterly of the southwesterly line of Kenneth Road to a point one hundred and ninety-four (194) feet northeasterly of the northeasterly line of Glenwood Road; and

Second: That a four (4) inch Class "B" cast iron water pipe be laid in Irving Avenue along a line parallel to and nineteen (19) feet southeasterly of the northwesterly line of Irving Avenue, said pipe to extend southwesterly from a point nineteen (19) feet northeasterly of the southwesterly line of Kenneth Road to a point one hundred and fifty (150) feet northeasterly of the northeasterly line of Glenwood Road; and

Third: That a four (4) inch Class "B" cast iron water pipe be laid in Allen Avenue along a line parallel to and nineteen (19) feet southeasterly of the northwesterly line of Allen Avenue, said pipe to extend southwesterly from the southwesterly line of Kenneth Road to a point one hundred and fifty (150) feet northeasterly of the northeasterly line of Glenwood Road; and

Fourth: That a four (4) inch Class "B" cast iron water pipe be laid in Linden Avenue along a line parallel to and nineteen (19) feet southeasterly of the northwesterly line of Linden Avenue, said pipe to extend southwesterly from the southwesterly line of Kenneth Road to a point one hundred and thirty (130) feet northeasterly of the northeasterly line of Glenwood Road; and

Fifth: That a four (4) inch Class "B" cast iron water pipe be laid in Alameda Avenue along a line parallel to and nineteen (19) feet southeasterly of the northwesterly line of Alameda Avenue, said pipe to extend southwesterly from a point nineteen (19) feet northeasterly of the southwesterly line of Glenwood Road to a point thirty (30) feet northeasterly of the northeasterly right of way line of the Pacific Electric Railway.

Fifth-A: That all connections, valves and appurtenances, all as shown on Plan No. 578, be constructed in connection with the pipes described in the preceding subdivisions of this section; said pipes and appurtenances to be used for fire protection and the distribution of the municipal water supply of the City of Glendale.

Said pipes shall be laid in accordance with said Plan and between the points on the lines and grades and at the elevations designated thereon, and said pipes, connections, valves and appurtenances shall be constructed in accordance with the Plans and Profile therefor, designated as Plan No. 439, Plan No. 578, and Profiles Nos. 812-A, 824, 826, 886 and 900, and in accordance with Specifications therefor, adopted by the Council of the City of Glendale and designated as Specifications No. 42, for furnishing and laying cast iron water pipe in the City of Glendale.

Sixth: That an eight (8) inch Matheson Joint water pipe 0.158 inches thick be laid in Glenwood Road along a line parallel to and nineteen (19) feet northeasterly of the southwesterly line of Glenwood Road, said pipe to extend northwesterly from a point nineteen (19) feet southeasterly of the northwesterly line of Irving Avenue to a point nineteen (19) feet southeasterly of the northwesterly line of Allen Avenue, along a line parallel to and five (5) feet northeasterly of the southwesterly line of said alley, said pipe to extend southeasterly from a point nineteen (19) feet southeasterly of the northwesterly line of Allen Avenue to a point nineteen (19) feet southeasterly of the northwesterly line of Irving Avenue; and

Eighth: That a two (2) inch galvanized, standard welded screw water pipe be installed in the first alley north of Glenwood Road between Linden Avenue and Elm Avenue, along a line parallel to and five (5) feet northeasterly of the southwesterly line of said alley, said pipe to extend southeasterly from the southeasterly line of Elm Avenue to a point nineteen (19) feet southeasterly of the northwesterly line of Linden Avenue.

Ninth: That all connections, valves and appurtenances, all as shown on Plan No. 578, be constructed in connection with the pipes described in subdivisions seventh and eighth of this section; said pipes and appurtenances to be used for fire protection and the distribution of the municipal water supply of the City of Glendale.

Said pipes shall be laid in accordance with said Plan and between the points on the lines and grades and at the elevations designated thereon, and said pipes, connections, valves and appurtenances shall be constructed in accordance with the Plans and Profiles therefor, designated as Plan No. 439 and Plan No. 578, and Profiles Nos. 907 and 908, and in accordance with Specifications therefor, adopted by the Council of the City of Glendale and designated as Specifications No. 51 for furnishing and laying water pipe in the City of Glendale.

SECTION 2. That said contemplated work or improvement in the opinion of said Council is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described, and said Council hereby declares that the district in said City of Glendale benefited by said work or improvement and to be assessed to pay the costs and expenses thereof, is all that portion of said City included within the following exterior boundary lines, to-wit:

Beginning at the southwesterly corner of Lot 8, Block 113, Rancho Providentia and Scott Tract, as per map recorded in Book 43, page 47 of the Miscellaneous Records of Los Angeles County, California; thence northeasterly along the northwesterly line of said Lot 8 to a point one hundred and forty (140) feet northeasterly of the southwesterly line of said Lot 8; thence southeasterly in a direct line across all intersecting streets and alleys to the southwesterly corner of Lot 9, Tract No. 4890, as per map recorded in Book 52, page 35 of Maps, Records of aforementioned County; thence southeasterly along the southwesterly line of said Lot 9 to the southeasterly corner thereof; thence

NOTICE OF STREET WORK

PUBLIC NOTICE IS HEREBY GIVEN THAT THE COUNCIL OF THE CITY OF GLENDALE, ON THE 24th DAY OF AUGUST, 1922, DID, AT ITS MEETING ON SAID DAY, ADOPT A RESOLUTION OF INTENTION, NUMBER 1656, DECLARING AS FOLLOWS:

SECTION 1. That the public interest and convenience require and it is the intention of the Council of the City of Glendale to order the following work and improvement to be done, to-wit:

First: That

OAKRIDGE DRIVE

from the westerly curb line of Vista Court to the northerly line of Cypress Street, including all terminations of streets, also that part of Vista Court adjoining Oakridge Drive upon which sidewalks, curbs, gutters and pavement are to be constructed, as shown on Plan No. 533, except those portions which are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with Plan No. 533, Profile No. 859, and Specifications for said work adopted by the Council of the City of Glendale, and known as Specifications No. 36.

Second: That a cement sidewalk of the width of five (5) feet with sidewalk returns at terminating streets, be constructed along each side of Oakridge Drive from the westerly curb line of Vista Court to the northerly line of Cypress Street; said sidewalks shall also be constructed along the westerly side of Vista Court adjoining Oakridge Drive to complete the sidewalk returns, as shown on Plan No. 533, and except where sidewalk is already constructed to the official line and grade. Said work shall be done in accordance with Plan No. 533, Profile No. 859, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Third: That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications with curb returns at all terminating streets be constructed along each side of the roadway of Oakridge Drive from the westerly curb line of Vista Court to the northerly line of Cypress Street and along the westerly side of the roadway of Vista Court adjoining Oakridge Drive to complete the curb returns as shown on Plan No. 533, except where curb is already constructed to the official line and grade. Said curb shall be constructed in accordance with Plan No. 533, Profile No. 859, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

CITY PRINTING

Fourth: That a cement gutter be constructed along each side of the roadway of Oakridge Drive from the eastern curb line of Vista Court to the northerly line of Cypress Street and around all curb returns at all terminating streets and along the curb to be constructed at the northwesterly corner of Vista Court and Oakridge Drive, as aforesaid. Said gutters shall be two (2) feet in width and five (5) inches in thickness and shall be constructed in accordance with Plan No. 533, Profile No. 859 and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Fifth: That ornamental concrete lighting posts be erected at intervals of approximately seventy-five (75) feet on each side of Oakridge Drive, between the westerly line of Vista Court and the northerly line of Cypress Street; that each of said posts be equipped with incandescent lamps, and the necessary wires, globes and fixtures, that conduits and wires be laid along said Oakridge Drive and terminating streets and connected therewith, all for the purpose of lighting said Oakridge Drive and terminating streets with electricity. Said work shall be done in accordance with Plan No. 533-L, Plan No. M-500, Drawing E-104, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 50.

Sixth: That all of the roadway of Oakridge Drive between gutter lines from the westerly curb line of Vista Court to the northerly line of Cypress Street, including all terminations of streets, be paved with an oil macadam pavement three (3) inches in thickness, in accordance with Plan No. 533, Profile No. 859, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Seventh: That

CYPRESS STREET

from the westerly line of Oakridge Drive to the westerly line of Tract No. 5027, as per map recorded in Book 53, page 3 of Maps, Records of Los Angeles County, California, including all terminations of streets, except those portions which are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with Plan No. 533, Profile No. 859 and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

Eighth: That a six (6) inch Class "B" cast iron water pipe be laid in Cypress Street along a line seventeen (17) feet easterly of the westerly line of Cypress Street, said pipe to extend from a line seventeen (17) feet northerly of and parallel to the southerly line of Oakridge Drive to the easterly prolongation of the southerly line of Lot 49 of said Tract No. 5027; thence southwesterly in a direct line to a point in a line seventeen (17) feet northwesterly of and parallel to the southeasterly line of Cypress Street, said point also being sixty (60) feet southerly from the easterly prolongation of the southerly line of said Lot 49; thence southwesterly along a line seventeen (17) feet northwesterly and northerly of and parallel to the southeasterly and southerly line of Cypress Street, said pipe to extend from said last described point to the westerly line of said Tract No. 5027, and that a four (4) inch Class "B" cast iron water pipe be laid across Cypress Street along a line seventeen (17) feet easterly of and parallel to the southerly prolongation of the southerly line of Vista Court to the northerly line of Cypress Street and around all curb returns at all terminating streets and along the curb to be constructed at the northwesterly corner of Vista Court and Oakridge Drive, as aforesaid. Said gutters shall be two (2) feet in width and five (5) inches in thickness and shall be constructed in accordance with Plan No. 533, Profile No. 859 and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Ninth: That a cement sidewalk of the width of five (5) feet with sidewalk returns at terminating streets be constructed along each side of Cypress Street from the southerly line of Oakridge Drive to the westerly line of said Tract No. 5027, except where sidewalk is already constructed to the official line and grade. Said work shall be done in accordance with Plan No. 533, Profile No. 859, and Specifications for said work adopted by the Council and known as Specifications No. 31.

Tenth: That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications with curb returns at all terminating streets, be constructed along each side of the roadway of Cypress Street from the southerly line of Oakridge Drive to the westerly line of said Tract No. 5027, except where curb is already constructed to the official line and grade.

Said curbs shall be constructed in accordance with Plan No. 533, Profile No. 859, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Eleventh: That a cement gutter be constructed along each side of the roadway of Cypress Street from the southerly line of Oakridge Drive to the westerly line of said Tract No. 5027, and around all curb returns at all terminating streets. Said gutters shall be two (2) feet in width and five (5) inches in thickness, and shall be constructed in accordance with Plan No. 533, Profile No. 859, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Twelfth: That ornamental concrete lighting posts be erected at intervals of approximately seventy-five (75) feet on each side of Cypress Street between the southerly line of Oakridge Drive and a line drawn twenty (20) feet westerly of and parallel to the westerly line of the said Tract No. 5027; that each of said posts be equipped with incandescent lamps, and the necessary wires, globes and fixtures; that conduits and wires be laid along said Cypress Street and terminating streets and connected therewith, all for the purpose of lighting said Cypress Street and terminating streets with electricity. Said work shall be done in accordance with Plan No. 533-L, Plan No. M-500, Drawing No. E-104, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 50.

Thirteenth: That all of the roadway of Cypress Street between gutter lines from the southerly line of Oakridge Drive to the westerly line of said Tract No. 5027, including all terminations of streets, be paved with an oil macadam pavement three inches in thickness in accordance with Plan No. 533, Profile No. 859, and Specifications for said work, adopted by the Council of the City of Glendale and known as Specifications No. 36.

Fourteenth: That a concrete storm drain be constructed in Oakridge Drive and that Right of Way for storm drain purposes only, lying two (2) feet either side of and parallel to the westerly line of Lot 9 of said Tract No. 5027; said storm drain shall be constructed from the northerly curb line of Oakridge Drive to a point one hundred ninety-two (192) feet northerly therefrom, in accordance with Plan No. 533 and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

SECTION 2. That pursuant to the Act of the Legislature of the State of California, approved February 27, 1893, and the Acts amendatory thereto, serial bonds bearing interest at the rate of seven (7) per cent per annum shall be issued to represent assessments of Twenty-five ($25.00) Dollars or over for the costs of said work or improvements; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January, every year after their date, until the whole is paid; and the interest shall be payable semi-annually by coupon on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest is paid.

SECTION 3. The City Engineer is directed to make a diagram of the property affected or benefited by the proposed work or improvement as described herein and to be assessed to pay the cost and expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district, and such other matters as are required by law.

SECTION 4. All Maps, Cross-sections, Plans and Profiles referred to herein are on file in the office of the City Engineer of said City. All Specifications referred to herein are on file in the office of the City Clerk of said City. Said Maps, Plans, Cross-sections, Profiles and Specifications are hereby referred to for a more particular description of said work and made a part hereof.

The district to be assessed to pay the costs and expenses of said work and improvement is described in said Resolution of Intention No. 1656, to which said Resolution of Intention reference is hereby made for further particulars of said work.

C. L. HILL,
Street Superintendent of the City of Glendale.

RESOLUTION OF INTENTION NO. 1663

A RESOLUTION OF THE COUNCIL OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO IMPROVE A PORTION OF STANLEY AVENUE AND PORTIONS OF CERTAIN STREETS AND ALLEYS INTERSECTING THEREWITH IN THE CITY OF GLENDALE, AND DESCRIBING THE DISTRICT TO BE ASSESSED TO PAY THE COSTS AND EXPENSES OF SAID IMPROVEMENT AND PROVIDING BONDS FOR THE PAYMENT OF SAME, IN THE CITY OF GLENDALE.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF GLENDALE:

SECTION 1. That the public interest and convenience require and it is the intention of the Council of the City of Glendale to order the following work and improvement to be done, to-wit:

First: That Stanley Avenue from the easterly line of Adams Street to the westerly line of Sycamore Canon Road and from the easterly line of Sycamore Canon Road to the southerly prolongation of the westerly line of Tract No. 5133, as per map recorded in Book 54, page 3 of Maps, Records of Los Angeles County, California, including all street and alley intersections, except those portions as are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with Plan No. 576, Profile No. 770, and Specifications for said work, adopted by the Council of the City of Glendale and known as Specifications No. 36.

Second: That a four (4) inch Class "B" cast iron water pipe be laid in Stanley Avenue and across intersecting or terminating streets or alleys along a line fifteen (15) feet northerly of and parallel to the southerly line of Stanley Avenue, said pipe to extend from a line fifteen (15) feet easterly of and parallel to the westerly line of Adams Street to the southerly prolongation of the westerly line of said Tract No. 5133, together with all connections, fire hydrants, valves and appurtenances, all as shown on Plan No. 576-W, and Profile No. 770, and said pipe and appurtenances to be used for fire protection and the distribution of the municipal water supply of the City of Glendale. Said pipe shall be laid in accordance with said Plan and Profile and between the points on the lines and grades and at the elevations designated thereon, and said pipe, fire hydrants, connections, valves and appurtenances shall be constructed in accordance with the Plans and Profile therefore, designated as Plan No. 448, Plan No. 439, Plan No. 576-W, Profile No. 770, and in accordance with Specifications therefor, adopted by the Council of the City of Glendale and designated as Specifications No. 42, for furnishing and laying cast iron water pipe in the City of Glendale, including galvanized iron service pipes of the sizes and at the locations shown on Plan No. 576-W, be laid in Stanley Avenue from said pipe line first mentioned herein to a line drawn approximately twelve (12) inches northerly of the northerly curb line of Stanley Avenue and to a line drawn approximately twelve (12) inches southerly of the southerly curb line of Stanley Avenue. Said service pipes shall be laid in further accordance with said Specifications No. 42.

Third: That a cement curb of the Class designated as Class "B" in the hereinafter referred to Specifications be constructed along each side of Stanley Avenue from the easterly line of Adams Street to the westerly line of Sycamore Canon Road, and from the easterly line of Sycamore Canon Road to the westerly line of Sycamore Canon Road, and from the easterly line of Sycamore Canon Road to the southerly prolongation of the westerly line of said Tract No. 5133, except where said curbs have already been constructed to the official line and grade. Said curbs shall be constructed in accordance with Plan No. 576, Profile No. 770, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Fourth: That a cement gutter be constructed along each side of the roadway of Stanley Avenue from the easterly line of Adams Street to the westerly line of Sycamore Canon Road, and from the easterly line of Sycamore Canon Road to the southerly prolongation of the westerly line of said Tract No. 5133; said gutters shall be two (2) feet in width and five (5) inches in thickness, and shall be constructed in accordance with Plan No. 576, Profile No. 770, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Fifth: That a cement sidewalk of the width of five (5) feet be constructed along each side of Stanley Avenue from the easterly line of Adams Street to the westerly line of Sycamore Canon Road and from the easterly line of Sycamore Canon Road to the southerly prolongation of the westerly line of said Tract No. 5133, except where sidewalk is already constructed to the official line and grade, in accordance with Plan No. 576, Profile No. 770, and in accordance with Specifications therefor, adopted by the Council of the City of Glendale and known as Specifications No. 31.

Sixth: That all of the roadway of Stanley Avenue between curb lines from the easterly line of Adams Street to the westerly line of Sycamore Canon Road, and from the easterly line of Sycamore Canon Road to the southerly prolongation of the westerly line of said Tract No. 5133, be paved with an oil macadam pavement five (5) inches in thickness, in accordance with Plan No. 576, Profile No. 770, and in accordance with Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 36.

SECTION 2. That said contemplated work or improvement in the opinion of said Council is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described, and said Council hereby declares that the district in said City of Glendale benefited by said work or improvement and to be assessed to pay the costs and expenses thereof, is all that portion of said City included within the following exterior boundary lines, to-wit:

Beginning at a point in the westerly line of Adams Street, where said line is intersected by the westerly prolongation of the northerly line of Lot 10, Pitcher Tract, as per map recorded in Book 16, page 122 of Maps, Records of Los Angeles County, California; thence easterly along said westerly prolongation and along the northerly line of said Lot 10 to the northeasterly corner thereof; thence northerly along the westerly line of Lot 9 of said Pitcher Tract to the northwesterly corner of said Lot 9; thence easterly along the northerly lines of Lots 9, 8 and 7 of said Pitcher Tract to the northeasterly corner of said Lot 7; thence easterly in a direct line to the northwesterly corner of Lot 14, Hannover Tract, as per map recorded in Book 12, page 159 of Maps, Records of said County; thence easterly along the northerly lines of Lots 14, 13, 12, 10, 9 and 8 of said Hannover Tract and their prolongation across Sycamore Canon Road, to the northeasterly corner of said Lot 8; thence southerly along the easterly line of said Lot 8 to the southeasterly corner thereof; thence southerly in a direct line to the northeasterly corner of Lot 7, G. B. Edwards Tract, as per map recorded in Book 12, page 116 of Maps, Records of said County; thence southerly along the easterly line of said Lot 7 to the southeasterly corner of said Lot 7; thence westerly along the southerly lines of Lots 7, 6, 5, 4, 3 and 1 of said G. B. Edwards Tract to the southwesterly corner of said Lot 1; thence northerly along the westerly line of said Lot 1 to the northeasterly corner of Lot 4, Tract No. 3062, as per map recorded in Book 29, page 42 of Maps, Records of said County; thence westerly along the northerly line of said Lot 4 to the northwesterly corner thereof; thence southerly along the westerly line of said Lot 4, seven and twenty hundredths (7.20) feet; thence westerly along the southerly lines of Lots 3, 2 and 1 of said Tract No. 3062 to the southwesterly corner of said Lot 1; thence westerly in a direct line to the southeasterly corner of Lot 12, Wannemacher Tract, as per map recorded in Book 12, page 114 of Maps, Records of said County; thence westerly along the southerly lines of Lots 12 to 7, both inclusive, of said Wannemacher Tract and along their westerly prolongation to the easterly line of Adams Street; thence northerly along the easterly line of Adams Street to the point of beginning, excepting therefrom any portion of any public street or alley which may be included in the above described district. Reference is hereby made to Plan No. 576-A, approved by the Council of the City of Glendale and now on file in the office of the City Engineer, which indicates by a red boundary line the extent of the territory to be included in said assessment district and which shall govern for all details as to the extent of the said assessment district.

SECTION 3. That pursuant to the Act of the Legislature of the State of California, approved February 27, 1893, and the Acts amendatory thereto, serial bonds bearing interest at the rate of seven (7) per cent per annum shall be issued to represent assessments of Twenty-five ($25.00) Dollars or over for the costs of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January, every year after their date, until the whole is paid; and the interest shall be payable semi-annually by coupon on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest is paid.

SECTION 4. The City Engineer is directed to make a diagram of the property affected or benefited by the proposed work or improvement as described herein and to be assessed to pay the cost and expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of such lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district, and such other matters as are required by law.

SECTION 5. All Maps, Cross-sections, Plans and Profiles referred to herein are on file in the office of the City Engineer of said City. All Specifications referred to herein are on file in the office of the City Clerk of said City. Said Maps, Plans, Cross-sections, Profiles and Specifications are hereby referred to for a more particular description of said work and made a part hereof.

SECTION 6. The Glendale Daily Press, a daily newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution of Intention shall be published in the manner and by the persons required by law, and in which the Street Superintendent shall publish notice of the passage of this Resolution of Intention.

SECTION 7. The Street Superintendent of said City of Glendale is hereby directed to post notices of the passage of this Resolution of Intention in the manner and in the form required by law, and to cause a similar notice to be published by two insertions in said newspaper in the manner required by law.

SECTION 8. The City Clerk of said City of Glendale is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said Council and to cause the same to be published by two insertions in the manner required by law, in said newspaper, and also to mail, postage prepaid, to each property owner whose property is to be assessed to pay the cost and expenses of said improvement, a postal card containing notice of the passage of this Resolution of Intention, and calling attention to the fact that said property is to be assessed for said improvement, and such other matters as are required by law.

Adopted and approved this 31st day of August, 1922.

SPENCER ROBINSON,
Mayor of the City of Glendale.
Attest: A. J. VAN WIE,
City Clerk of the City of Glendale.

STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES) ss.
CITY OF GLENDALE)

I, A. J. Van Wie, City Clerk of the City of Glendale, do hereby certify that the foregoing Resolution was duly adopted by the Council of the City of Glendale, State of California, and signed by the Mayor, at a regular meeting thereof, held on the 31st day of August, 1922, and that the same was passed by the following vote, to-wit:

Ayes: Davis, Lapham, Robinson, Stephenson.
Noes: None.
Absent: Kimlin.

FOOTHILL HOME BARGAIN

Up in the mountains above the fog. Wonderful location near the car where values are just beginning to rise. Seven rooms, and extra large basement. Eastern constructed with diagonal sheeting, 2x8 floor joists. Built for a permanent home, but sudden plans have compelled owner to sell and for the price of $6750. We challenge comparison up to $12,000. The lot is 100x180, and the location unequaled. See HART, 113 E. Broadway.

Tell your wants in the classified column—they will be supplied.

ONE MOMENT, PLEASE

This is the Hart Realty company talking. Stand by for the usual listening period, and don't forget to tell your friends that you have a positive statement from the Hart Realty company that they are more than satisfied with their past summer's business, and they are very optimistic concerning the coming fall and winter conditions for Glendale in general.

We are here to stay, and have seen Glendale grow and prosper for the last eight years, and feel positive with the cooperation being shown by our public-spirited citizens backed up by our progressive Realty Board and Chamber of Commerce, and the several wide-awake improvement associations, that Glendale will continue to lead the world in building activities. Right now, if the money being spent for speculative stock purposes, were turned into the channel of substantial real estate investment, we would see an era of prosperity far surpassing any of our past achievements. When you boost for Glendale you are taking a stand for the upbuilding of your home town that now has a right to be called a city; but better still—a city so located that it is the hub of all the activities of the San Fernando valley, that cannot possibly escape the growth of Los Angeles toward the mountains, no matter what is or will be said, to the contrary. It is impossible to imagine a city located in the heart of as much activity as is the goo fortune for Glendale to enjoy. We have grown in spite of ourselves in the past—now let's all get together and take credit for some of the future growth that is being developed all round us. Let's amplify our boosting so that we may be heard around the world; so that everybody will have the chance to join in and sing the praises of the fastest growing city in the world.

You are invited to call at our office, 113 East Broadway, for a free booklet describing Glendale, a book that you would be proud to send to your friends back east after reading same yourself. This booklet is limited but is free as long as it lasts, if you give your name and address. Yours truly,

HART REALTY CO.
113 East Broadway.

GOES TO JAIL FOR SPEEDING

John Braley of Pasadena Likes Action in Courts and Machines

When arrested yesterday afternoon on a charge of driving his Cadillac machine 48 miles an hour within the 30-mile limit on Colorado boulevard, John Braley of 558 South Catalina avenue, Pasadena, requested immediate trial at Eagle Rock Thursday, as he intended to attend college in Los Angeles this fall, and wanted the affair over with.

After pleading guilty before Judge Cruzan at the city hall, he was given a 10-day jail sentence and was taken down to the county jail late yesterday afternoon.

CITY OFFICIALS ON FISHING TRIP TO BEACH

City Clerk Webster and Chief Clerk Dort Among Party

City Clerk Webster and E. Dort, chief clerk of the Burbank public service department, have returned from a fishing trip at Sonofra, located on the beach near San Diego.

They were accompanied by Mr. Webster and Mr. Webster's brother, Joseph Webster, of Glendale, and also the latter's wife.

The members of the party were very successful as anglers, Mr. Webster reports. To insure good luck, anglers going to the beaches should be sure to take along suitable equipment and bait, the Burbank city clerk said.

PLANNING TO BUY MORE PROPERTY IN BURBANK

Woman Believes Business Property Here Safe Investment

Miss Anna Watson, 1070 North Magnolia avenue, entertained Miss Ada Swartzbaugh and Dr. George recently.

Although she is disposing of her realty holdings in Burbank as well as in El Segundo, Miss Swartzbaugh is considering purchasing business property in Burbank, as she is of the opinion that property here would be a safe investment.

She owns a fine orange grove in Orange county.

SCOUT DELEGATES RETURN FROM SACRAMENTO

Boys Made Creditable Showing for Verdugo Hills Council

In company with Scout Executive Harold F. Benner, Scouts Clifford Walcott and Dallas Kalbaugh of troop No. 2 and Kenneth Hellyer of troop No. 3, returned from the older scouts' conference at the Sacramento state fair early Tuesday. Soon after the last conference, held Sunday following church, the local delegation piled into their car and started for home. They had no trouble going either way and made a safe, quick trip. Robert Eastman of troop No. 2, another member of the delegation, left the group at Fresno, where he met his parents, who are going on a trip to San Francisco and other northern points.

According to the delegates, the conference was a wonderful success from start to finish. Nearly 150 older scouts from practically every first-class council in the state, all of first-class rank or above and over 15 years old, were in attendance. They were indeed the cream of the coming generation, every fellow a leader.

The opening banquet was held at Globin's grill, with the Sacramento Rotary club as host. Fred C. Yoerk, president of the Sacramento Boy Scout council, made the address of welcome, which was responded to by Eagle Scout Robert Choi of Santa Ana. Scout Choi although being a native of Korea, has battled against all kinds of discouragements, but has won out by reaching the highest rank to which any scout may aspire. Judge Peter J. Shield's talk on "The Future" went home to every scout present. His talk dealt with the necessity of putting supreme emphasis on the scout oath, and of the great things in store for the fellow who works. "The older scouts," he declared, "are on the threshold of life, so prepare now those facilities which will help you to a successful life."

The scouts camped on the state fair grounds, and on Saturday morning held their first conference, which took up the subjects of How the Older Fellow Lives; His Home; His Church; His School; His Town and His Friends. Scout Robert Eastman led the discussion on "His Town."

After lunch a big demonstration was staged in front of the grandstand. The Verdugo Hills delegation put over a very snappy and educational demonstration of the use of the triangular bandages and emergency stretchers.

Saturday evening another conference was held, with subjects covering "The Older Fellow and How He Works." These were his vocation and his avocation. These conferences were an inspiration to everyone and the scouts entered into the spirit of the occasion whole-heartedly.

Sunday morning church services were held for both the Catholic and Protestant scouts, after which they inspected Fort Sutter. Exhibits were entered by a number of the councils, and in the final results of the whole conference the Verdugo Hills delegation was given eleventh place, nosing out such councils as San Francisco, Oakland, Ventura county, etc. The conference banner was won by Kern county, which claimed it last year. It beat Orange county council by only one-half a point.

The Verdugo Hills district delegation made a very creditable showing. The boys worked hard and there was no problem of discipline during the whole conference. At no time did we fail to boost Glendale and its environments, and we kept at it so persistently that everyone at the conference knew who we were and where we were from. (Statement of scout executive.)

The delegation is planning to visit every troop in the Verdugo Hills district and tell the scouts of the interesting events and what the conference was like.

MAUDE FULTON IS MAKING L. A. HIT

It is not really to be wondered at that Maude Fulton has made such a pronounced success in "The Humming Bird," which started upon its eleventh week Monday night at the Egan theatre, Los Angeles, because the theme is unusual, the cast extraordinarily good, not only in the character of the players but in the ensemble of the cast. Maude Fulton has never appeared to better advantage that in the role of Toinette. Her mastery of French mannerisms, her broken English and her conception of the character of the Apache girl is a study in itself. Harland Tucker as Phillip Carey is better in the part than in any role he ever created in Los Angeles, in company with Robert Ober he adds greatly to the strength of the performance. Grace Travers and Jack Gardner in their characters earn approval.

CHRISTIAN LADIES DISCUSS CHINA MISSIONS

Meeting Is Led by Mesdames Crawford and Peters' Division

"China" was the subject of the regular missionary meeting of the Central Christian church, held Wednesday afternoon in the beautiful missionary room.

The meeting was opened by devotionals and a song. Mrs. A. K. Crawford's and Mrs. J. E. Peter's division was in charge of the afternoon.

Mrs. Floyd Mercer, Mrs. R. P. Jodon and Mrs. Edgar Lloyd Smith formed a trio that sang a beautiful number, accompanied at the piano by Mrs. Musser. Miss Garnet Peters and Miss Alice Mercer also sang a duet. An interesting reading on China was given by Miss Garnet Peters. Following the program the meeting was open to discussion on China, the people, their habits, education and health. Some very interesting facts were brought out.

At the close of the meeting iced watermelon was served in the dining room to the 61 ladies present.

GLENDALE BOXERS DEFEAT VISITORS

Exciting Contests at I. O. O. F. Hall, Under Woodmen Auspices

With a small, but enthusiastic crowd attending, Johnny Myers, the Glendale fireman, defeated Young Stone, also of Glendale, in the main event of the boxing contest held last night at the I. O. O. F. hall on West Broadway.

The seconds of Paddy Milligan of Pasadena threw in the sponge in the second round of the opening fight in which he was matched against Young Welch of Glendale.

Kid Essick of Glendale lost to Smiling King also of Glendale. Walter Dodge of Glendale defeated John McCrary of Burbank.

The most exciting contest of the evening was the bout between Arizona Wildcat of Burbank and Chick Watson of Glendale in which they fought to a draw.

The contest was held under the auspices of the M. W. A. D. V. Black of Glendale acted as referee.

It was announced that the main event in the contests scheduled for September 20 at the Yoeman hall at 1500 South San Fernando road, will be a four round bout between Kid Essick of Glendale and Rex Hampton of Burbank.

It was further announced that boxing contests will be held in the new city park on the evening of September 9.

MISS WOOD BACK FROM TRIP TO CULVER CITY

Spends Week With Mrs. Lehman of Ince Studios

Miss Margaret Wood, daughter of Mr. and Mrs. G. H. Wood of Burbank, has returned home following a week's visit with her sister, Mrs. Evelyn Lehman of Culver city.

George Henry Lehman, Mrs. Lehman's son, returned with Miss Wood and will remain here for a short visit. Mrs. Lehman is connected with the Ince studios.

Foley's Friendly Fancies

JAMES W. FOLEY

THE CHEER BRINGER

"Feeling fine!" he used to say
Come a clear or cloudy day.
Wave his hand and give a smile,
Keeping sunny all the while.
Never let no bug-bears grim
Get a strangle hold on him,
Kept a-smiling, rain or shine,
Smiling, struggling, "feeling fine."

"Feeling fine!" he used to say,
Wave his hand and go his way;
Never had the time to lose,
So he said, in fighting blues.
Had a twinkle in his eye,
Always when he passed me by,
And he'd smile up into mine,
Friendly, eager, "feeling fine."

"Feeling fine!" he used to say
And the sunshine seemed to stay
Close by him, or else he shone
With some sunshine of his own.
Not the darkest cloud could dim
Any happiness for him,
And he seemed to have a line
Out for gladness—"feeling fine!"

And how many times I've known
He had troubles of his own,
Troubles that were harsh and grim,
But they never conquered him.
He just smiled and went along
Spilling little drops of song,
Letting rosebuds sort o' twine
O'er the thorns and "feeling fine."

HARROWER FORCES CELEBRATE END OF CAMPAIGN

College of Medical Evangelists Reap Rewards

Celebrating the return of 20 "Apostles," a lively reunion was held on Wednesday at the Harrower laboratory on East Broadway, as a fitting close to a summer rich in experience for each of the campaigners.

At the beginning of the summer, men from the College of Medical Evangelists, were chosen to visit all parts of the United States to offer to members of the medical profession Dr. Henry R. Harrower's book, "Practical Organotheraphy," designed for the use of physicians.

One of the most interesting moments in the reunion was that of the awarding of the prizes to the men who had not sold the most books, or visited the largest number of physicians, but had been of the most service to the organization.

John Wahlen, who was unable to be present, received the grand prize of $100. Because of such marked excellence in the records the second award of $75 was duplicated and three men were presented with checks for that amount. They were B. M. Graybill, A. H. Grauman, and Elmer Nelson. The third prizes went to Marvel Beem and Read Calvert, being for the sum of $50, while winners of the last prize for $25 were Lyle Winslow and A. H. Foster.

The young men were quite overwhelmed with their good fortune and were unanimous in their expressions of appreciation of the wonderful opportunity given them by the summer's work. They all agreed that they would not trade the experience thus gained for any other they had ever acquired.

Dr. Harrower, owner of the laboratory; James A. Haworth, manager of the plant, and Mr. and Mrs. C. Hamer, who had charge of the reports and, incidentally the finances, of the workers, were thanked by the "Medical Missionaries" for their help and the personal interest shown in each one of the men.

Dr. Harrower expressed his great pleasure in the success of the new venture, which had begun on a comparatively small scale, with only six workers, ending with a score. Dr. Harrower quoted Thoreau's words, "So long as we love we serve," and accredited much of the success of the summer's work to the truth of this statement.

The reading of excerpts from the final edition of a weekly bulletin published during the campaign, chronicling the "Acts of the Apostles," was much applauded. This had been a method of bringing the workers in closer touch with one another, and all regretted that the issue of September 1 was the last.

There were two other prizes awarded, these to women, for picking the winner before the beginning of the campaign. Two members of the staff of the Harrower laboratory, Miss Anna Kimlin and Mrs. Hazel Shultz, chose John Whalen as the most likely candidate, so the original prize of $10 was "split into two $5 gold pieces" and the far-sighted ladies received their rewards.

Most of the men will be juniors at the medical school next semester. They take their first two years of work at Loma Linda, going for clinic experience to the White Memorial hospital in Los Angeles. The College of Medical Evangelists is to receive from the Harrower laboratory $100 per month for each man in the field. This will amount to $7500, half of which will be paid at the beginning of the fall term, and the remainder on the first of the year.

The short talks by each of the men were made much shorter by the fact that all were anticipating a swim before the day was over. They were all to be the guests of Dr. Harrower at his summer home, "Sandy Nook," at the Palisades beach. The party will not return until Friday and from mere suggestions which were in the air, it seemed that they would not exactly starve during that time.

FEDERAL TAXES PAID IN SMALL INSTALLMENTS

Mailing Bill Is Legal Notice Under Government Regulations

Thirty thousand Southern California taxpayers who are meeting their income tax on the installment plan must make their third payment on or before September 15. Two installments have already been paid, on March 15 and June 15, and the final payment will be due on December 15. There were 169,812 personal income returns filed in the Los Angeles district this year.

Collector Goodcell calls attention to the fact that the mailing of a bill to a taxpayer at his last given address constitutes legal notice and not the delivery of the letter. He urges taxpayers to notify the internal revenue office of changes in address as they are still liable to taxes and penalties even though they do not receive notice of their indebtedness.

Under the law the entire income tax of a taxpayer who fails to pay his quarterly installment automatically becomes due and the collector is authorized to collect the whole tax plus interest and indebtedness.

Tourists who are visiting in Southern California should send remittances on their income tax to the office at which they filed their original returns.

Collector Goodcell points out that although Washington assesses the tax the payment of it must be made to the collector of internal revenue in whose district the taxpayer resides. Payments should never be sent to Washington.

"Prompt payment of the third income tax installment will enable Los Angeles to maintain its standing as the champion collection district in the United States," said Collector Goodcell.

AUNTIE CHATTER OILS COME TO HELP CITY

She Expects to Silence All Ford Transmission Bands Here

It has been estimated that over six million Fords are constantly traveling the country roads and city streets of these United States. This is the statement of Mr. Ralph Stowers, the Pacific coast representative for the Lewis Auntie Chatter Motor Oil company of St. Louis.

The greatest difficulty the Ford owners have had to contend with is the chattering of the transmission bands. This condition is very aggravating in traffic where frequent starting and stopping is necessary; also on hills and in reverse; in fact, at any time the car is called upon to exert a little extra energy.

Mr. Lewis, the president of this company, the home offices of which are located in St. Louis, has been a constant student of Ford cars for many years. He has specialized in lubricating oils. After many experiments, a formula was discovered which resulted in "Lewis Auntie Chatter Oil." The huge success this oil has gained, and the rapid spread over the eastern states has been remarkable.

California, with its miles and miles of smooth roads covering the state like a spider web, and its thousands and thousands of cars dotting these highways makes this field the greatest of them all. The family of Auntie Chatter oil users will grow with leaps and bounds and outdistance the tremendous success of other parts of the country.

Mr. Stowers will remain in Glendale for a few days demonstrating this oil.

BURBANK PARENTS EXPECT BABIES TO WIN

Contest by Newspapers Arousing Great Deal of Interest

The baby contest being conducted by the Glendale Daily Press, Burbank Daily Press and Eagle Rock Daily Press continues to increase in popularity in Burbank, new entrants being listed from this city daily.

The latest entrant from here is Florence Stephens, age 4 years, daughter of Mr. and Mrs. R. W. Stephens, 252 Santa Anita avenue.

Proud Burbank parents believe that their chances in winning the major prizes are very good. It is hoped that at least one of the bigger prizes will be won by a Burbank boy or girl, as it will bring added prestige to the city.

The judging of the babies will be absolutely impartial, which means that Burbank's chances in the race are very good, as there are many pretty babies in the city.

Anxiety to wear a crown is often mistaken for endeavor to win one.

Handicaps of beauty!

A "homely" woman, usually, is just one who DOESN'T CARE.

And her depressing appearance shows the shiftlessness of her mind.

For every woman can keep that neatness and trimness of hair, nails and complexion—if she will.

Marinello beauty service helps.

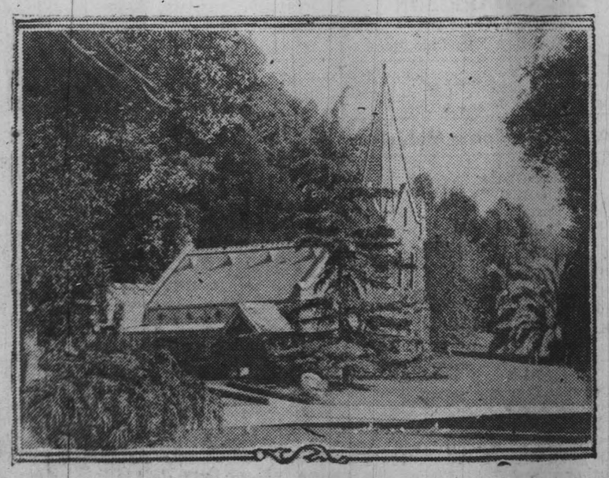
Beautiful Forest Lawn

"Among the Hills"

There are but few burial parks—in the United States—if any—that have planned for a more extensive plan of improvements than has the management of Forest Lawn Memorial Park.

Its 250 acres—beautifully improved with a park-like system of landscape gardening and costly buildings. Hundreds of thousands of dollars have been spent—and hundreds of thousands of dollars will be spent to complete the various units now under construction.



Everything that art, science and loving care can devise has been planned for different forms of burial—be it earth burial, mausoleum crypt, cremation, columbarium niche or private vault.

THE STOCKING BOX

BE FAIR—The agent at your door offering you hosiery direct from the mills neither lives in Glendale nor in your territory, pays rent, taxes or circulates any of his money here. Therefore why should he be patronized, causing you to wait at least two weeks for merchandise that is inferior and higher priced than you can buy at **The Stocking Box.** You have no "come-back"—he does not stand behind his statements—he's here today and gone tomorrow.

At **The Stocking Box** you will find pleasant surroundings—a variety in quality, colors and prices from which to select—a store offering you merchandise at the lowest prices consistent with fair dealing. Should an adjustment be necessary, you'll find **The Stocking Box** just as ready and willing to make the correction as we were to make the sale.
